Un viaggio che parla di te Giulia Lamarca, 2023-03-28 Dopo il successo di Prometto che ti darò il mondo, Giulia Lamarca torna a raccontarci che nella vita niente è impossibile Tra una poppata e un pannolino da cambiare, guardando Sophie tra le mie braccia, mi sono detta: È arrivata l'ora. E con Andrea che mi guardava incredulo, ho preso un biglietto del treno per Parigi. Sarebbe stata la prima tappa di un progetto che avevamo in testa da troppo tempo: trascorrere un anno in giro per il mondo. Fare il giro del mondo in tempi di pandemia, e per di più con una neonata al seguito, destreggiandosi tra vaccini e tamponi, passeggiare per la bimba e carrozzina per la mamma, omogeneizzati e cibi sconosciuti, carte d'imbarco e pannolini: una follia, per molti. Ma Giulia Lamarca ha esplorato in lungo e in largo i cinque continenti

insieme al marito Andrea, superando confini che sembrano invalicabili. E quando diventa mamma, decide di mantenere la promessa che aveva fatto alla figlia non appena aveva saputo di lei: darle il mondo. In *Un viaggio che parla di te* Giulia torna a raccontarsi, e ci porta con sé nel nuovo capitolo della sua vita: attraverso le tappe di questo straordinario viaggio affronta l'esperienza della maternità, riscopre il mondo attraverso gli occhi di sua figlia, e continua a prendere, ogni volta, l'incrollabile decisione di non lasciarsi scoraggiare da nulla quando è il momento di affrontare, insieme alle persone che ama, gli ostacoli che la vita le mette di fronte. Dimostrandoci ancora una volta che, davvero, la parola impossibile non esiste. «Giulia Lamarca non è semplicemente una travel blogger, è un'influencer della positività. La sua storia è una favola moderna.» - Corriere della Sera
«Attraverso il racconto dei suoi viaggi, Lamarca ripercorre la sua vita: una storia che parla di disabilità, ma soprattutto di amore, perseveranza e libertà. Un racconto immerso in un variegato mondo di contraddizioni e difficoltà, ma anche bellezza e sfide vinte.» - Il Fatto Quotidiano

Prometto che ti darò il mondo Giulia Lamarca, 2021-09-07

Attraverso il racconto dei suoi viaggi, Giulia Lamarca ripercorre la

sua storia drammatica quanto straordinaria: una storia che parla di disabilità, ma soprattutto di amore, di perseveranza e di libertà. Una testimonianza che resta attaccata alla pelle. Un'autrice capace di portarci lontano con la sua voglia di vivere e di non arrendersi mai. Giulia ha diciannove anni e davanti a sé una storia ancora tutta da scrivere e riempire di colori ed esperienze. Poi un motorino, una curva presa male in un pomeriggio qualunque, e la realtà che conosceva viene cancellata di colpo. Davanti a lei si apre un'altra vita, che include una nuova compagna di viaggio: una carrozzina. Nel corso di nove lunghi mesi in ospedale, Giulia deve imparare a guardare il mondo da un nuovo punto di vista, a muoversi, a sentirsi se stessa. Dall'ospedale, però, porta con sé anche l'incontro con Andrea, un giovane tirocinante fisioterapista che riesce a conquistarla con la sua tenacia e la sua dolcezza. Un giorno, lui le fa una proposta folle: partire insieme per l'Australia. E, quasi per scherzo, lei accetta. Senza sapere che quell'aereo lo prenderanno davvero, che il loro amore diventerà sempre più grande e che non si fermeranno più. Quel viaggio sarà l'occasione per cambiare prospettiva, mettersi alla prova, conoscersi meglio e comprendere, infine, che i limiti sono innanzitutto dentro di noi. Viaggio dopo viaggio, impresa dopo impresa, Giulia si ritrova a

scalare il Machu Picchu, a salire sulla Muraglia cinese, a contemplare la fioritura dei ciliegi in Giappone... E inizia a comprendere non solo che, carrozzina o no, può andare alla conquista del mondo, ma che può spendersi in prima persona per l'inclusione - e trasmettere forza agli altri. Con la sua grinta e allegria, Giulia rappresenta per tutti noi una chiamata a uscire dalla nostra zona di comfort e a misurarci con le nostre paure e i nostri sogni impossibili: è questa l'unica via per avere davvero la vita che vogliamo. Con la sua complessità, le sue contraddizioni e tutta la sua bellezza. «Giulia Lamarca non è semplicemente una travel blogger, è un'influencer della positività. La sua storia è una favola moderna.» - Corriere della Sera

Mindfulness della corsa Tessa

Wardley,2022-02-15T00:00:00+01:00 Il metodo della maratoneta Tessa Wardley trasforma il running in una pratica olistica di potenziamento fisico e crescita spirituale. Una strategia di sopravvivenza allo stress della vita quotidiana. La corsa non è solo movimento di gambe e muscoli. E neppure una stressante competizione con se stessi per migliorare all'infinito tempi e lunghezze. È un'attività liberante che – se praticata in modo consapevole – regala alla mente e allo spirito uno stato di

benessere irrinunciabile, che si raggiunge allenando all'unisono corpo, mente e spirito. Le pillole motivazionali di questa guida svelano i tanti modi per trasformare il running in una vera e propria filosofia di vita e in una strategia per difendersi dalle condizioni spesso alienanti imposte dalla società contemporanea. Al tempo stesso, propone illuminanti squarci sulla corsa in sé, sulle fatiche che essa comporta, sui momenti di pigrizia e di esaltazione che chiunque prova ogni volta che indossa un paio di scarpette per andare a correre. Ogni corridore – dal principiante al maratoneta allenato, che corra a piedi nudi o su una pista di atletica – troverà in questo libro le sue perle di mindfulness per innamorarsi ogni giorno di più del suo sport preferito e riscoprire il fascino del contatto con gli spazi aperti e la natura.

Mindful running Vanessa Zusei Goddard, 2022-07-01 Un affascinante viaggio interiore per trasformare la corsa in una possibilità di introspezione e pacificazione con la mente. Un libro per tutti i runner che vogliono avvicinarsi a questa pratica. Il libro ci offre un affascinante viaggio interiore. Se vediamo la corsa solo come esercizio e ci concentriamo solo sul tempo o sul perdere peso, perdiamo le implicazioni più profonde di quest'arte. Perdiamo l'opportunità di vivere la corsa come una pratica che colma

l'apparente divario tra quiete e movimento, meditazione e attività. In definitiva, questo libro riguarda la libertà, la facilità e la gioia del movimento; riguarda il potere dell'immobilità e l'imparare a usare questo potere per vivere con tutto il cuore. «Mi è piaciuto leggere questo libro, che contiene pratiche di mindfulness che possono essere applicate non solo alla corsa, ma alla meditazione seduta e a molte altre attività quotidiane. Queste pratiche aiuteranno il lettore a sviluppare l'aspetto più importante della pratica spirituale – la profonda quiete interiore – che diventa una fonte per raggiungere la serenità e l'equilibrio in tutti gli aspetti della vita». — SJAN CHOZEN BAYS, autore di Mindful Eating e Mindfulness on the Go LA CORSA È PIÙ DI UN SEMPLICE ESERCIZIO FISICO. Correre è una pratica, una meditazione in movimento che trasferisce il potere dell'immobilità a tutte le attività della nostra vita quotidiana. Vanessa Zusei Goddard parte dall'esperienza maturata durante due decenni di pratica buddhista, durante i quali ha condotto innumerevoli ritiri dedicati alla corsa, e offre un libro ricco di intuizioni, umorismo e visualizzazioni pratiche per fondare la nostra corsa, o qualsiasi pratica fisica, nella meditazione. Quando vediamo la corsa solo come un esercizio e ci concentriamo sul miglioramento dei nostri tempi o sul perdere peso, perdiamo le

implicazioni più profonde di quest'arte. Perdiamo l'opportunità di intraprendere la corsa come una pratica che colma l'apparente divario tra quiete e movimento, meditazione e attività. Mindful running riguarda la libertà, la semplicità e la gioia del movimento; riguarda il potere dell'immobilità e l'imparare a usare questo potere per vivere con tutto il cuore.

Run for Your Life Mark Cucuzzella, MD, 2018-09-18 The first running book by a leading pioneering running doctor and athlete, creator of the Air Force's Efficient Running program--the result of more than three decades of study, practice, and science that shows us in clearly illustrated and accessible text how easy it is to run efficiently and injury-free, whether you're in your twenties, sixties, or seventies--for beginning runners and experienced

marathoners. In *Run for Your Life*, Dr. Mark Cucuzzella explains the simple mechanics of how our bodies have evolved and adapted to run. Despite our natural ability and our human need to run, each year more than half of all runners suffer injuries. Pain and discouragement inevitably follow. Cucuzzella's book outlines the proven, practical techniques to avoid injury and reach the goal of personal fitness and overall health. His book--the first running book to be written by a professor of medicine with the credibility of the Air Force behind him--gives us a straightforward, easy-to-follow look at the anatomy, biomechanics, nutrition, and/or clinical medicine with clear drawings and black-and-white photographs. The book provides illustrated exercises designed to teach healthy running, along with simple progressions, a weekly/monthly schedule detailing common mistakes, and cautions that allow the reader to tailor the training regime to individual needs and abilities. With an annotated list of videos and other innovative, book-Internet links. The proceeds from *RUN FOR YOUR LIFE* will go to support Mark Cucuzzella's community work through his non-profit organization, Eastern Area Health Education Center/Freedoms Run.

Blood Libel Hannah Johnson,2021-03-11 The ritual murder

accusation is one of a series of myths that fall under the label blood libel, and describes the medieval legend that Jews require Christian blood for obscure religious purposes and are capable of committing murder to obtain it. This malicious myth continues to have an explosive afterlife in the public sphere, where Sarah Palin's 2011 gaffe is only the latest reminder of its power to excite controversy. *Blood Libel* is the first book-length study to analyze the recent historiography of the ritual murder accusation and to consider these debates in the context of intellectual and cultural history as well as methodology. Hannah R. Johnson articulates how ethics shapes methodological decisions in the study of the accusation and how questions about methodology, in turn, pose ethical problems of interpretation and understanding. Examining recent debates over the scholarship of historians such as Gavin Langmuir, Israel Yuval, and Ariel Toaff, Johnson argues that these discussions highlight an ongoing paradigm shift that seeks to reimagine questions of responsibility by deliberately refraining from a discourse of moral judgment and blame in favor of an emphasis on historical contingencies and hostile intergroup dynamics.

Special Educational Needs and Inclusive Practices Fabio

Dovigo,2017-01-28 Today, school is becoming a rapidly changing learning environment. Thinking about students as a homogeneous population is no longer allowed, as diversity – in terms of culture, language, gender, family organisation, learning styles and so on – has emerged as a key challenge for education today. The debate on Special Educational Needs largely reflects this challenge, as working in school implies careful reconsideration of what we mean by “normal” and “special”. Current educational intervention is generally based on a deficit and “within-child” model of facing SEN, whereas very little attention is given to the role of learning environments. The focus is on the child more than on the whole class, and on cognition and technical provisions more than on affective, sociocultural and community dimensions of learning. Conversely, regarding students and their needs as “hidden voices” allows us to adopt a transformative approach which sees diversity as a stimulus for the development of educational practices that

might benefit all children and help school to become an inclusive and “moving” organisation. The aim of the book is twofold: on the one hand, it offers a systematic overview of the inclusive education state-of-the-art in six countries (Germany, Italy, Norway, Sweden, UK, and USA) based on the contributions by well-known scholars such as Christy Ashby, Barbara Brokamp, Fabio Dovigo, Kari Nes, Mara Westling Allodi, Tony Booth, and Beth Ferri; on the other hand, the book analyses five cases of good practices of inclusion related to different subjects and school levels.

Una Donna Sibilla Aleramo, 2018-06-13 Una Donna by Sibilla Aleramo Pubblicato per la prima volta nel 1906 e ripubblicato nel corso degli anni in molteplici edizioni, questo romanzo nasce dall'esperienza autobiografica dell'autrice ed è frutto di quei fermenti sociali che portarono alla nascita del femminismo, di cui la Aleramo stessa si sentì parte attiva. Nell'intento di rivelare, per la prima volta, l'anima femminile moderna, con grande spirito realistico la Aleramo compone pagine di aperta denuncia e di critica sociale, affrontando argomenti come la povertà e l'ignoranza, le differenze regionali, il socialismo e naturalmente la condizione svantaggiosa da cui la donna avrebbe dovuto riscattarsi. La sua immediata fortuna in Italia e nei paesi in cui fu tradotto segnalò

This brand new collection of reflections on and activities to do in the countryside from an author passionate about reconnecting both children and adults with nature offers ideas for a range of activities all of which will enhance the reader's enjoyment of and engagement with, the natural world.
