A Little Taste of Freedom Emilye Crosby, 2006-05-26 In this long-term community study of the freedom movement in rural, majority-black Claiborne County, Mississippi, Emilye Crosby explores the impact of the African American freedom struggle on small communities in general and questions common assumptions that are based on the national movement. The legal successes at the national level in the mid 1960s did not end the movement, Crosby contends, but rather emboldened people across the South to initiate waves of new actions around local issues. Escalating assertiveness and demands of African Americans—including the reality of armed self-defense—were critical to ensuring meaningful local change to a remarkably resilient system of white supremacy. In Claiborne County, a highly effective boycott eventually led the Supreme Court to affirm the legality of economic boycotts for political protest. NAACP leader Charles Evers (brother of Medgar) managed to earn seemingly contradictory support from the national NAACP, the segregationist Sovereignty Commission, and white liberals. Studying both black activists and the white opposition, Crosby employs traditional sources and more than 100 oral histories to analyze the political and economic issues in the postmovement period, the impact of the movement and the resilience of white supremacy, and the ways these issues are closely connected to competing histories of the community.

A Taste of Freedom Elizabeth Cody Kimmel, 2014-02-11 An old man in India recalls how, when he was a young boy, he got his first taste of freedom as he and his brother joined the great Mahatma Gandhi on a march to the sea to make salt, in defiance of British law.

The Taste of Freedom Jan Beddegenoodts, 2012 'The Taste of Freedom' reflects the state of mind that comes naturally when you get shot by rubber bullets in the morning and rave like there is no tomorrow at night. I feel deeply connected with the Palestinian protesters who are non-violently demonstrating for more freedom. Protest after protest the Israeli army gives them a brutal response. A few hours and kilometres later, I am in Israel, surrounded by beautiful souls in one of the most unique rave scenes in the world. Two completely different dimensions, but they have one thing in

common: a search for the taste of freedom. Protesting for the basic needs of freedom or raving to find freedom in their mind. Laughing and loving, raving and dancing but a part of the conflict never dies.

First Taste of Freedom Robert Turpin,2018-06-25 The bicycle has long been a part of American culture but few would describe it as an essential element of American identity in the same way that it is fundamental to European and Asian cultures. Instead, American culture has had a more turbulent relationship with the bicycle. First introduced in the United States in the 1830s, the bicycle reached its height of popularity in the 1890s as it evolved to become a popular form of locomotion for adults. Two decades later, ridership in the United States collapsed. As automobile consumption grew, bicycles were seen as backward and unbecoming—particularly for the white middle class. Turpin chronicles the story of how the bicycle’s image changed dramatically, shedding light on how American consumer patterns are shaped over time. Turpin identifies the creation and development of childhood consumerism as a key factor in the bicycle’s evolution. In an attempt to resurrect dwindling sales, sports marketers reimagined the bicycle as a child’s toy. By the 1950s, it had been firmly established as a symbol of boyhood adolescence, further accelerating the declining number of adult consumers. Tracing the ways in which cycling suffered such a loss in popularity among adults is fundamental to understanding why the United States would be considered a “car” culture from the 1950s to today. As a lens for viewing American history, the story of the bicycle deepens our understanding of our national culture and the forces that influence it.

Sweet Taste of Liberty W. Caleb McDaniel,2019-08-07 The unforgettable saga of one enslaved woman's fight for justice--and reparations Born into slavery, Henrietta Wood was taken to Cincinnati and legally freed in 1848. In 1853, a Kentucky deputy sheriff named Zebulon Ward colluded with Wood's employer, abducted her, and sold her back into bondage. She remained enslaved throughout the Civil War, giving birth to a son in Mississippi and never forgetting who had put her in this position. By 1869, Wood had obtained her freedom for a second time and returned to Cincinnati, where she sued Ward for damages in 1870. Astonishingly, after eight years of litigation, Wood won her case: in 1878, a Federal jury awarded her \$2,500. The decision stuck on appeal. More important than the amount, though the largest ever awarded by an American court in restitution for slavery, was the fact that any money was awarded at all. By the time the case was decided, Ward had become a wealthy businessman and a pioneer of convict leasing in the South. Wood's son later became a prominent Chicago lawyer, and she went on to live until 1912. McDaniel's book is an epic tale of a black woman who survived slavery twice and who achieved more than merely a moral victory over one of her oppressors. Above all, Sweet Taste of Liberty is a portrait of an extraordinary individual as well as a searing reminder of the lessons of her story, which establish beyond question the connections between slavery and the prison system that rose in its place.

Taste of Salt Frances Temple,1994-08-05 Every Life Makes a Story Djo has a story: Once he was one of Titid's boys, a vital member of Father Jean-Bertrand Aristide's election team, fighting to overthrow military dictatorship in Haiti. Now he is barely alive, the victim of a political firebombing. Jeremie has a story: Convent-educated Jeremie can climb out of the slums of Port-au-Prince. But she is torn between her mother's hopes and her own wishes for herself ... and for Haiti. Father Jean-Bertrand Aristide has a story: A dream of a new Haiti, one in which every person would have a decent life ... a house with a roof ... clean water to drink ... a good plate of rice and beans every day ... a field to work in. At Aristide's request, Djo tells his story to Jeremie -- for Titid believes in the power of all of their stories to make change. As Jeremie listens to Djo, and to her own heart, she knows that they will begin a new story, one that is all their own, together.

A Sense of Freedom Jimmy Boyle,2016-04-07 Foreword by Irvine Welsh 'My life sentence had actually started the day I left my mother's womb...'

Jimmy Boyle grew up in Glasgow’s Gorbals. All around him the world was drinking, fighting and thieving. To survive, he too had to fight and steal... Kids’ gangs led to trouble with the police. Approved schools led to Borstal, and Jimmy was on his way to a career in crime. By his twenties he was a hardened villain, sleeping with prostitutes, running shebeens and money-lending rackets. Then they nailed him for murder. The sentence was life – the brutal, degrading eternity of a broken spirit in the prisons of Peterhead and Inverness. Thankfully, Jimmy was able to turn his life around inside the prison walls and eventually released on parole. A Sense of Freedom is a searing indictment of a society that uses prison bars and brutality to destroy a man's humanity and at the same time an outstanding testament to one man's ability to survive, to find a new life, a new creativity, and a new alternative.
