Grand Canyon Days Ken Lauter, 2011-01-31 GRAND CANYON DAYS explores one of the world's great geological wonders— its past and present, its rock, waters, plants, and animals. The book spans fifty years of the author's life and reflects both our current national identity and the Canyon's lingering sense of myth and sacred reverberation from earlier eras. Along the way, we meet such characters as John Wesley Powell, ancient canyon residents, and a couple of ordinary American tourists. Ultimately, these poems take us not merely into a deep place but into deep thoughts about the social, environmental, and spiritual legacy of all canyons. The companion book, SONGS FROM WALNUT CANYON, is also available from Xlibris.

Steel on Stone Nathaniel Farrell Brodie, 2019-02-14 The Grand Canyon National Park has been called many things, but home isn't often one of them. Yet after years of traveling the globe, Nathaniel Brodie found his home there. *Steel on Stone* is Brodie's account of living in the canyon during the eight years he worked on a National Park Service trail crew, navigating a vast and unforgiving land. Embedded alongside Brodie and his crew, readers experience precipitous climbs to build trails, dangerous search-and-rescue missions, rockslides, spelunking expeditions, and rafting trips through the canyon on the Colorado River. From Brodie's chronicles of tracking cougars and dodging rampaging pack mules to adjusting to seasons spanning triple-digit heat and inaccessibility during the winter, we learn about the life

cycle of this iconic park, whose complex ecosystems coexist with humans, each one seeking a deeply personal experience, and the subcultures and hierarchies that form deep within the canyon. Following in the steps of naturalists like John Wesley Powell and Edward Abbey, Brodie reveals the park's nearly two million square miles. He deftly weaves histories and tall tales from canyon aficionados living and dead into his own story. Over time he comes to realize that home is not always a place on a map but instead is deeply defined by the people we encounter, including those who finally call us to move on. *Steel on Stone* is a love letter to the Grand Canyon and those who have given years of their lives to work its trails so that we may understand and enjoy it today as the transformative landscape we seek.
