Murena 10. The Banquet Jean Dufaux,2017-12-13T00:00:00+01:00 What could be more moving than a reunion of childhood friends making peace after long enmity and tragic misunderstanding? Lucius Murena and the Emperor emerge from their long-awaited meeting with rekindled trust and affection. But in Nero's Rome, such victories are always fleeting. When a brutal murder attempt leaves Murena on the brink of death, his memory is erased by a family of patricians plotting to assassinate Nero with the help of the Emperor's own dear advisor, Seneca. The series, a dive into the intricate and deadly world of ancient Rome, is back with this tenth volume.

Murena 9. The Thorns Jean Dufaux,2016-07-06T00:00:00+02:00 In this ninth volume of the historical saga Murena, Dufaux and Delaby show Rome in reconstruction and expose the roots of the Judeo-Christian culture. Nero fears that the people of Rome, still reeling from the trauma of the great fire, will turn against him if he doesn't present them with the guilty party, and fast. He decides that the Christians would be the perfect scapegoats...

Murena 2. Of Sand and Blood Jean Dufaux,2015-12-09T00:00:00+01:00 We're in Rome, three days before the ides of October. The Emperor Cladius is dead, poisoned by his wife, Agrippina, who'd discovered his plans to renounce her so as to marry Lollia Paulina, Murena's mother. Thus Nero, Agrippine's son, becomes emperor. His mother, having bought the favor of the army and the Senate, believes that she'll be able to govern in her son's name. But, at 17-years-old, Nero is no longer a child, which she'll soon learn at her own expense...

Murena 8. Revenge of the Ashes Jean Dufaux,2016-06-08T00:00:00+02:00 Nero dreamed of it. Lucius Murena did it: burning Rome. However, to atone for his act, the young patrician tries to save as many human lives as he can. Everyone, whether they be rich or poor, is seeking a way out. While some throw themselves into the river Tiber, others manage to get to the Campus Martius, although not without difficulty. One of the few areas spared from the devouring flames is the Christian neighborhood. More man than god, the emperor is consumed with doubt. While Rome's destruction kindles greed in some, it reveals great kindness in others.

Murena 6. The Blood of Beasts Jean Dufaux,2016-04-06T00:00:00+02:00 Massam, the slave that Poppaea uses to do her dirty work, is given the order to exterminate Balba the gladiator and his accomplice Evix, the woman who dared better Nero in a chariot race. The pair of them are considered dangerous enemies of the emperor. At the imperial palace, while Nero is making plans for a whole new Rome, Poppaea lounges around with her entourage. Arsilia, one of those closest to her, is secretly summoned to meet Petronius the poet in a rough part of town. There she finds Murena, with whom she was rather enamored in the days when he was close to the emperor. Murena is convinced that Arsilia is implicated in the kidnapping of the only woman he's ever loved, and that she knows where she's been taken. Murena is determined to find his lover, and so decides to leave for Gaul. Balba and Evix say they'll accompany him, but on one condition: when they come

back, Murena must help them eliminate Nero, the tyrant who killed Britannicus.

The Cambridge Prehistory of the Bronze and Iron Age Mediterranean A.

Bernard Knapp,Peter van Dommelen,2015-01-12 The Cambridge Prehistory of the Bronze and Iron Age Mediterranean offers new insights into the material and social practices of many different Mediterranean peoples during the Bronze and Iron Ages, presenting in particular those features that both connect and distinguish them. Contributors discuss in depth a range of topics that motivate and structure Mediterranean archaeology today, including insularity and connectivity; mobility, migration, and colonization; hybridization and cultural encounters; materiality, memory, and identity; community and household; life and death; and ritual and ideology. The volume's broad coverage of different approaches and contemporary archaeological practices will help practitioners of Mediterranean archaeology to move the subject forward in new and dynamic ways. Together, the essays in this volume shed new light on the people, ideas, and materials that make up the world of Mediterranean archaeology today, beyond the borders that separate Europe, Africa, and the Middle East.

Finding Afro-Mexico Theodore W. Cohen,2020-05-07 In 2015, the Mexican state counted how many of its citizens identified as Afro-Mexican for the first time since independence. *Finding Afro-Mexico* reveals the transnational interdisciplinary histories that led to this celebrated reformulation of Mexican national identity. It traces the Mexican, African American, and Cuban writers, poets, anthropologists, artists, composers, historians, and archaeologists who integrated Mexican history, culture, and society into the African Diaspora after the Revolution of 1910. Theodore W. Cohen persuasively shows how these intellectuals rejected the nineteenth-century racial paradigms that heralded black disappearance when they made blackness visible first in Mexican culture and then in post-revolutionary society. Drawing from more than twenty different archives across the Americas, this cultural and intellectual history of black visibility, invisibility, and community-formation questions the racial, cultural, and political dimensions of Mexican history and Afro-diasporic thought.

The Archaeology of the Iberian Peninsula Katina T. Lillios,2019-12-05 In this book, Katina Lillios provides an up-to-date synthesis of the rich histories of the peoples who lived on the Iberian Peninsula between 1,400,000 (the Paleolithic) and 3,500 years ago (the Bronze Age) as revealed in their art, burials, tools, and monuments. She highlights the exciting new discoveries on the Peninsula, including the evidence for some of the earliest hominins in Europe, Neanderthal art, interbreeding between Neanderthals and modern humans, and relationships to peoples living in North Africa, the Mediterranean, and Western Europe. This is the first book to relate the ancient history of the Peninsula to broader debates in anthropology and archaeology. Amply illustrated and written in an accessible style, it will be of interest to archaeologists and students of prehistoric Spain and Portugal.

Europe Central William T. Vollmann,2005-11-14 A daring literary masterpiece and

winner of the National Book Award In this magnificent work of fiction, acclaimed author William T. Vollmann turns his trenchant eye on the authoritarian cultures of Germany and the USSR in the twentieth century to render a mesmerizing perspective on human experience during wartime. Through interwoven narratives that paint a composite portrait of these two battling leviathans and the monstrous age they defined, *Europe Central* captures a chorus of voices both real and fictional— a young German who joins the SS to fight its crimes, two generals who collaborate with the enemy for different reasons, the Soviet composer Dmitri Shostakovich and the Stalinist assaults upon his work and life.

Converso Non-Conformism in Early Modern Spain Kevin Ingram,2018-12-06 This book examines the effects of Jewish conversions to Christianity in late medieval Spanish society. Ingram focuses on these converts and their descendants (known as conversos) not as Judaizers, but as Christian humanists, mystics and evangelists, who attempt to create a new society based on quietist religious practice, merit, and toleration. His narrative takes the reader on a journey from the late fourteenth-century conversions and the first blood purity laws (designed to marginalize conversos), through the early sixteenth-century Erasmian and radical mystical movements, to a Counter-Reformation environment in which conversos become the advocates for pacifism and concordance. His account ends at the court of Philip IV, where growing intolerance towards Madrid's converso courtiers is subtly attacked by Spain's greatest painter, Diego Velázquez, in his work, *Los Borrachos*. Finally, Ingram examines the historiography of early modern Spain, in which he argues the converso reform phenomenon continues to be underexplored.

The Roman Villa in the Mediterranean Basin Annalisa Marzano,Guy P. R. Métraux,2018-04-30 This volume offers a comprehensive survey of Roman villas in Italy and the Mediterranean provinces of the Roman Empire, from their origins to the collapse of the Empire. The architecture of villas could be humble or grand, and sometimes luxurious. Villas were most often farms where wine, olive oil, cereals, and manufactured goods, among other products, were produced. They were also venues for hospitality, conversation, and thinking on pagan, and ultimately Christian, themes. Villas spread as the Empire grew. Like towns and cities, they became the means of power and assimilation, just as infrastructure, such as aqueducts and bridges, was transforming the Mediterranean into a Roman sea. The distinctive Roman/Italian villa type was transferred to the provinces, resulting in Mediterranean-wide culture of rural dwelling and work that further unified the Empire.
