Sidney Jones, Owen Hall

Teahouse Lao She, She Lao, 2014-05 Written in 1957, Teahouse is Lao She's tour de force masterwork of Chinese drama: a play in three acts spanning fifty years with a cast of over sixty characters drawn from all levels of society. Brought together over the daily ritual of tea and conversation, the characters reflect on the changes in their own lives as well as in China as a whole. As a work of drama, Teahouse has been studied and performed worldwide in many languages. This new edition, based on John Howard-Gibbon's classic English translation, will appeal to those interested in theater arts and the history of drama and stagecraft as well as those interested in Chinese history. Lao She (1899-1966) is the pen name of Sheyu Shu. He is the author of numerous works of fiction including Rickshaw Boy.

The Land of the Five Flavors Thomas O. Höllmann, 2013-11-26 Renowned sinologist Thomas O. Höllmann tracks the growth of food culture in China from its earliest burial rituals to today's Western fast food restaurants, mapping Chinese cuisine's geographical variations and local customs, indigenous factors and foreign influences, trade routes, and ethnic associations. Höllmann details the food practices of major Chinese religions and the significance of eating and drinking in rites of passage and popular culture. He enriches his narrative with thirty of his favorite recipes and a selection of photographs, posters, paintings, sketches, and images of clay figurines and other objects excavated from tombs. Höllmann's award-winning history revisits the invention of noodles, the role of butchers and cooks in Chinese politics, debates over the origin of grape wines, and the causes of modern-day food contamination. He discusses local crop production, the use of herbs and spices, the relationship between Chinese food and economics, the influence of Chinese philosophy, and traditional dietary concepts and superstitions. Citing original Chinese sources, Höllmann uncovers fascinating aspects of daily Chinese life, constructing a multifaceted compendium that inspires a rich appreciation of Chinese arts and culture.

As such, it is an essential reference guide for all students and scholars of Chinese literature.

The True History of Tea Erling Hoh, Victor H. Mair, 2009-03-24 A lively and beautifully illustrated history of one of the world's favorite beverages and its uses through the ages. World-renowned sinologist Victor H. Mair teams up with journalist Erling Hoh to tell the story of this remarkable beverage and its uses, from ancient times to the present, from East to West. For the first time in a popular history of tea, the Chinese, Japanese, Tibetan, and Mongolian annals have been thoroughly consulted and carefully sifted. The resulting narrative takes the reader from the jungles of Southeast Asia to the splendor of the Tang and Song Dynasties, from the tea ceremony politics of medieval Japan to the fabled tea and horse trade of Central Asia and the arrival of the first European vessels in Far Eastern waters. Through the centuries, tea has inspired artists, enhanced religious experience, played a pivotal role in the emergence of world trade, and triggered cataclysmic events that altered the course of humankind. How did green tea become the national beverage of Morocco? And who was the beautiful Emma Hart, immortalized by George Romney in his painting *The Tea-maker of Edgware Road*? No other drink has touched the daily lives of so many people in so many different ways. *The True History of Tea* brings these disparate aspects together in an entertaining tale that combines solid scholarship with an eye for the quirky, offbeat paths that tea has strayed upon during its long voyage. It celebrates the common heritage of a beverage we have all come to love, and plays a crucial part in the work of dismantling that obsolete dictum: East is East, and West is West, and never the twain shall meet.

The Chinese May Fourth Generation and the Irish Literary Revival: Writers and Fighters Simone O'Malley-Sutton, 2023-11-07 This book examines how the early twentieth-century Irish Renaissance (Irish Literary Revival) inspired the Chinese Renaissance (the May Fourth generation) of writers to make agentic choices and translingual exchanges. It sheds a new light on "May Fourth" and on the Irish Renaissance by establishing that the Irish Literary Revival (1900-1922) provided an alternative decolonizing model of resistance for the Chinese Renaissance to that provided by the western imperial center. The book also argues that Chinese May Fourth intellectuals translated Irish Revivalist plays by W. B. Yeats, Lady Gregory, Seán O'Casey and Synge and that Chinese peasants performed these plays throughout China during the 1920s and 1930s as a form of anti-imperial resistance. Yet this literary exchange was not simply going one way, since Yeats, Lady Gregory, Synge and O'Casey were also influenced by Chinese developments in literature and politics. Therefore this was a reciprocal encounter based on the circulation of Anti-colonial ideals and mutual transformation.

Operas in English Margaret Ross Griffel, 2012-12-21 Although many opera dictionaries and encyclopedias are available, very few are devoted exclusively to operas in a single language. In this revised and expanded edition of *Operas in English: A Dictionary*, Margaret Ross Griffel brings up to date her original work on operas written specifically to an English text (including works both originally prepared in English, as well as English translations). Since its original publication in 1999, Griffel has added nearly 800 entries to the 4,300 from the original volume, covering the world of opera in the English language from 1634 through 2011. Listed alphabetically by letter, each opera entry includes alternative titles, if any; a full, descriptive title; the number of acts; the composer's name; the librettist's name, the original language of the libretto, and the original source of the

text, with the source title; the date, place, and cast of the first performance; the date of composition, if it occurred substantially earlier than the premiere date; similar information for the first U.S. (including colonial) and British (i.e., in England, Scotland, or Wales) performances, where applicable; a brief plot summary; the main characters (names and vocal ranges, where known); some of the especially noteworthy numbers cited by name; comments on special musical problems, techniques, or other significant aspects; and other settings of the text, including non-English ones, and/or other operas involving the same story or characters (cross references are indicated by asterisks). Entries also include such information as first and critical editions of the score and libretto; a bibliography, ranging from scholarly studies to more informal journal articles and reviews; a discography; and information on video recordings. Griffel also includes four appendixes, a selective bibliography, and two indexes. The first appendix lists composers, their places and years of birth and death, and their operas included in the text as entries; the second does the same for librettists; the third records authors whose works inspired or were adapted for the librettos; and the fourth comprises a chronological listing of the A-Z entries, including as well as the date of first performance, the city of the premiere, the short title of the opera, and the composer. Griffel also include a main character index and an index of singers, conductors, producers, and other key figures.

The development of the major literary genres is traced in each of these periods. A Companion to Modern Chinese Literature Yingjin Zhang, 2015-08-13 This wide-ranging Companion provides a vital overview of modern Chinese literature in different geopolitical areas, from the 1840s to now. It reviews major accomplishments of Chinese literary scholarship published in Chinese and English and brings attention to previously neglected, important areas. Offers the most thorough and concise coverage of modern Chinese literature to date, drawing attention to previously neglected areas such as late Qing, Sinophone, and ethnic minority literature Several chapters explore literature in relation to Sinophone geopolitics, regional culture, urban culture, visual culture, print media, and new media The introduction and two chapters furnish overviews of the institutional development of modern Chinese literature in Chinese and English scholarship since the mid-twentieth century Contributions from leading literary scholars in mainland China and Hong Kong add their voices to international scholarship
