Last Sentry Gregory D Young, Nate Braden, 2013-10-15 Providing inspiration for Tom Clancy's *The Hunt for Red October*, the 1975 mutiny aboard the Soviet destroyer *Storozhevoy* (translated *Sentry*) aimed at nothing less than the overthrow of Leonid Brezhnev and the Soviet government. Valery Sablin, a brilliant young political officer, seized control of the ship by convincing half the officers and all of the sailors to sail to Leningrad, where they would launch a new Russian Revolution. Suppressed in the Soviet Union for fifteen years, Young (the first American to uncover the mutiny twenty years ago) and Braden finally tell the untold story relying on recently declassified KGB documents as well as the Sablin family's papers. It is a gripping account of a disillusioned idealist forced to make the agonizing

choice between working within or destroying the system he is sworn to protect.

Tom Clancy Chain of Command Marc Cameron, 2021-11-16 The United States has stared down many threats with President Jack Ryan at the helm, but what if he's not there when we need him? That's the question facing a nation in the most shocking entry in Tom Clancy's #1 New York Times bestselling series. A shadowy billionaire uses his fortune to further his corrupt ambitions. Along the way, he's toppled democratically elected governments and exacerbated divisions within stable nations. The competitors he's destroyed, the people he's hurt, they're all just marks on a ledger. Now, he's ready to implement his most ambitious plan of all. There's only one force standing in his way—President Jack Ryan. How do you compel a man like Jack Ryan to bend? He's personally faced down everything from the Russian navy to cartel killers. It will take more than political headwinds or media disfavor to cause him to turn from his duty to the American people, but every man has an Achilles heel. Jack Ryan's is his family. The answer is as simple as it is shocking. The billionaire has assembled an international team of the most ruthless mercenaries alive. Their mission—kidnap the First Lady.

A Clash of Heroes Ben Halpern, 1987-09-24 Chaim Weizmann, steeped in the folk culture of the East European shtetl and the humanistic science of Central and Western Europe, was the ambassador of the Jewish people to the English-speaking world. Louis D. Brandeis, on the other hand, was known as the true exponent of Anglo-American civic culture who gave his leadership at a critical moment to the American and world Jewish community. *A Clash of Heroes* studies the conflict between these two dominant personalities, each of whom has been hailed by devoted followers as the hero of a crucial era in recent Jewish history. Halpern sets the meeting, collaboration, and sharp conflict between these two men against the shifting background of a world at war and the shaky travail of revolution and reconstruction in the early 20th century. Through a comparison of two exemplary figures in Jewish leadership, Halpern paints an enthralling portrait of 20th-century Zionism and illuminates the complex relationships between leaders and the public and between Jewish nationalism and its extended environment.
