David S. Mason

A History of Modern Europe Albert S. Lindemann, 2012-12-10 A History of Modern Europe surveys European history from the defeat of Napoleon to the twenty-first century, presenting major historical themes in an authoritative and compelling narrative. Concise, readable single volume covering Europe from the early nineteenth century through the early twenty-first century Vigorous interpretation of events reflects a fresh, concise perspective on European history Clear and thought-provoking treatment of major historical themes Lively narrative reflects complexity of modern European history, but remains accessible to those unfamiliar with the field

A Concise History of Modern Europe David S. Mason, 2011-01-16 Highlighting the most important events, ideas, and individuals that shaped modern Europe, A Concise History of Modern Europe provides a readable, succinct history of the continent from the Enlightenment and the French Revolution to the present day. Avoiding a detailed, lengthy chronology, the book focuses on key events and ideas to explore the causes and consequences of revolutions—be they political, economic, or scientific; the origins and development of human rights and democracy; and issues of European identity. Any reader needing a broad overview of the sweep of European history since 1789 will find this book, published in a first edition under the title *Revolutionary Europe*, an engaging and cohesive narrative.

A History of Modern Europe John M. Merriman, 2004 Available in both one-volume and two-volume paperback editions, A History of Modern Europe presents a panoramic survey of modern Europe from the Renaissance to the present day. A seasoned teacher and talented historian, Professor John Merriman offers a carefully crafted narrative that guides students through a vast amount of complex material, integrating the many aspects of the European experience into a larger, interconnected whole. A full ten percent shorter than its predecessor, the Second Edition has tightened organization throughout to make room for recent research and descriptions of the current issues and events that define Europe's role in the world today.

A History of Modern Europe John Merriman, 2009-09-29 Available in both one-volume and two-volume paperback editions, A History of Modern Europe presents a panoramic survey of modern Europe from the Renaissance to the present day. A single author lends a unified approach and consistent style throughout, with an emphasis on the connections of events and people over time. The Third Edition, like the two before it, is authoritative and up-to-date. New to the Third Edition is the theme of empire. From the imperial rivalries between France and Spain in the sixteenth and seventeenth centuries, through the rise and fall of the Ottoman Turkish empire, and on into the imperial history of the twentieth century—decolonization, the spread of the Soviet empire, and the imperial power of the United States—the theme of empire helps students find commonalities among the events of European history.

A History of Modern Europe Merriman, John, Ph.D., 2019-02-15 Students and instructors alike praise A History of Modern Europe for its authoritative coverage from the Renaissance to the present day. Written in Merriman's signature narrative style, the book is brightened with humor and biographical sketches. The Fourth Edition reflects the latest scholarship while placing special emphasis on the theme of war and society. A new full-color design features a completely redrawn map program and new pedagogical and teaching tools.

A Concise History of the Modern World William Woodruff,1991-12-02 This book investigates the major changes in world history and world economy during the past five hundred years and explains to what extent world forces have been responsible for shaping both past and present. Its underlying theme is the struggle for power in which, since the sixteenth century, the West has prevailed. Many of the problems of the contemporary world - including terrorism - are the legacy of the period of Western domination. Until the rise of the West, and its incomparable impact on every branch of human activity, the centre of the world has been in Asia. By the nineteenth century world power was firmly in the hands of the West. America's later rise to world status was prompted by the two world wars. The most prominent of the Western nations, the US is now blamed for all the excesses of an earlier colonial age.

... Brief History of Modern Europe, from 1814 to the Great War William Glover,1922

The Human Tradition in Modern Europe, 1750 to the Present Cora Ann Granata,Cheryl A. Koos,2008 This engaging and humanizing text traces the development of Europe since the mid-eighteenth century through the lives of people of the time. Capturing key moments, themes, and events in the continent's turbulent modern past, the book explores how ordinary Europeans both shaped their societies and were affected by larger historical processes. By focusing on the lives of individual actors, both famous and obscure, students can gain a sense for how the well-known revolutions, wars, and social transformations of the modern era were experienced in private homes, work places, political forums, and on battlefields throughout the region. Fittingly, the book opens with the French Revolution and concludes with the fall of the Berlin Wall and the collapse of Eastern European communism. Throughout, the contributors use compelling biographies to examine many of the major events and developments in European history, including the age of reaction and revolutions in the early nineteenth century; industrialization; Victorianism; new imperialism; fin de siècle culture; the first and second World Wars; the Russian Revolution; Italian fascism, Nazism, the Holocaust, and decolonization; Americanization; and the 1968 youth revolts. Contributions by: Karin Breuer, Helen Harden Chenut, John Cox, Stephen P. Frank, Cora Granata, Maura E. Hametz, Michael Kilburn, Cheryl A. Koos, Robert A. McLain, Karen Petrone, Paolo Scrivano, Alyssa Goldstein Sepinwall, Matthew G. Stanard, Michele M. Strong, and Patricia Tilburg
