The Baby Planner Josie Brown,2017-12-02 The Nanny Diaries meets The Wedding Planner in this smart, dishy novel from the author of Secret Lives of Husbands and Wives—featuring a woman who runs San Francisco's premier baby planning company and the mummies-to-be who seek out her services. Katie Johnson may make her living consulting with new moms on the latest greatest baby gadgets no parent should be without, or which mommy meet-ups are the most socially desirable, or whether melon truly is the new black, but the success of her marriage to her husband, Alex, depends on controlling her own urges toward motherhood. He's adamant that they stay childless. Sure, Katie understands that he's upset over the fact that his out-of-town ex-wife rarely lets him see their ten-year-old son, Peter. But living vicariously through her anxious clients and her twin sisters' precocious children only makes Katie resent his stance more deeply. While helping a new client—Seth Harris, a high tech entrepreneur who must raise Sadie, his newborn daughter, as a single parent after the tragic death of his wife in childbirth—maneuver the bittersweet journey from mourning husband and reticent father to loving dad, Katie's own ideals about love, marriage, and motherhood are put to the test as she learns ones very important lesson about family: How we nurture is the true nature of love. Josie Brown takes baby mania to its illogical, hysterical extreme in this bubbly romp. But what begins as a light foray into Bugaboo country turns into something bigger than a satire of status-obsessed Bay Area yummy mummies as Brown takes a dark look at the fears of parenthood and family, with Katie's heartbreaking longing for a child unveiling a disturbing reality about her marriage and family. Still, the message from the somber realities is one full of hope: love makes a family, commitment keeps it together. —Publishers Weekly We love Josie Brown. Plain and simple. We first fell for her when we read the impossibly delicious Secret

Black Stereotypes in Popular Series Fiction, 1851–1955 Bernard A. Drew,2015-04-02 Even well-meaning fiction writers of the late Jim Crow era (1900–1955) perpetuated racial stereotypes in their depiction of black characters. From 1918 to 1952, Octavus Roy Cohen turned out a remarkable 360 short stories featuring Florian Slapppy and the schemers, romancers and ditzes of Birmingham's Darktown for *The Saturday Evening Post* and other publications. Cohen said, "I received a great deal of mail from Negroes and I have never found any resentment from a one of them." The black readership had to be satisfied with any black presence in the popular literature of the day. The best known white writers of black characters included Booth Tarkington (Herman and Verma in the *Penrod* books), Irvin S. Cobb (Judge Priest's houseman Jeff Poindexter), Roark Bradford (*Widow Duck*, the plantation matriarch), Hugh Wiley (*Wildcat Marsden*, the war veteran who traveled the country in the company of his goat) and Charles Correll and Freeman Gosden (radio's *Amos 'n' Andy*). These writers deservedly declined in the civil rights era, but left a curious legacy that deserves examination. This book, focusing on authors of series fiction and particularly of humorous stories, profiles 29 writers and their black characters in detail, with brief entries covering 72 others.
