**Karl-Heinz Ohlig, Gerd-R. Puin**

**The Big Exit** David Carnoy, 2012-10-11 The acclaimed author of *Knife Music* delivers “a thriller set in California’s Silicon Valley that has it all . . . [an] exceptionally satisfying murder puzzle” (Publishers Weekly, starred review). Richie Forman made his name and his fortune in dot-com marketing . . . but that was before he went to prison for a crime he swears he didn’t commit. Now that he’s been released, Richie wants to rebuild his life in the Bay Area. By day, he works at a law firm dedicated to freeing innocent men from prison. By night, he makes a living impersonating Frank Sinatra. But then his ex-best friend is found hacked to death in his garage, and Richie becomes the prime suspect. “Colorful characters abound” in this murder mystery with more intricate twists than a microchip. *The Big Exit* is a “first rate crime caper” (Kirkus).

The Fuzzy and the Techie Scott

Hartley, 2017-04-25 “Artfully explains why it is time for us to get over the false division between the human and the technical.”—Tim Brown, CEO of IDEO and author of *Change by Design* Scott Hartley first heard the terms fuzzy and techie while studying political science at Stanford University. If you majored in humanities or social sciences, you were a fuzzy. If you majored in computer or hard sciences, you were a techie. While Silicon Valley is generally considered a techie stronghold, the founders of companies like Airbnb, Pinterest, Slack, LinkedIn, PayPal, Stitch Fix, Reddit, and others are all fuzzies—in other words,

people with backgrounds in the liberal arts. In this brilliantly counterintuitive book, Hartley shatters assumptions about business and education today: learning to code is not enough. The soft skills—curiosity, communication, and collaboration, along with an understanding of psychology and society’s gravest problems—are central to why technology has value. Fuzzies are the instrumental stewards of robots, artificial intelligence, and machine learning. They offer a human touch that is of equal—if not greater—importance in our technology-led world than what most techies can provide. For anyone doubting whether a well-rounded liberal arts education is practical in today’s world, Hartley’s work will come as an inspiring revelation. Finalist for the 2016 Financial Times/McKinsey Bracken Bower Prize and A Financial Times Business Book of the Month

*The Empires of the Near East and India* Hani Khafipour, 2019-05-14 In the early modern world, the Safavid, Ottoman, and Mughal empires sprawled across a vast swath of the earth, stretching from the Himalayas to the Indian Ocean to the Mediterranean Sea. The diverse and overlapping literate communities that flourished in these three empires left a lasting legacy on the political, religious, and cultural landscape of the Near East and India. This volume is a comprehensive sourcebook of newly translated texts that shed light on the intertwined histories and cultures of these communities, presenting a wide range of source material spanning literature, philosophy, religion, politics, mysticism, and visual art in thematically organized chapters. Scholarly essays by leading researchers provide historical context for closer analyses of a lesser-known era and a framework for further research and debate. The volume aims to provide a new model for the study and teaching of the region's early modern history that stands in contrast to the prevailing trend of examining this

interconnected past in isolation.

**Twelve Years a Slave** Solomon Northup, 2024-01-04  
Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.
