Rebel Cause Ee Isherwood,2019-12-13 America is down, but never count it out It has been said America is impossible to conquer because there are guns behind every blade of grass. But what if no one was left to pull the triggers? The Minus America series imagines this world. The story continues ... Ted and Emily flee the enemy, but the noose continues to close, even as he makes contact with his niece. While rescuing her is always a priority, he might have a lead on the nuclear briefcase stolen from him on day 1. Hard choices are ahead. Tabby accepts her family is gone, but she has no intention of giving up her home. Does she have what it takes to fight back against an enemy hidden behind technological superiority? Dwight finds himself at the tip of the spear of the enemy invasion. He may be powerless to stop it, but he begins to think he might be able to slow it down. Continue the journey with these last few Americans as they explore what's left of their homeland, dutifully avoid the spreading infection of the invasion force, and take the first tentative steps toward a rebellion. Unlike wars for freedom in the past, they have no allies and no reinforcements. It's time to see what they're made of. If you enjoy a mixture of apocalyptic exploration, a little pew-pew (gunshot sounds), and long-odds rebellion against an unseen enemy, check out Rebel Cause, the third book in the Minus America series. Book 4, Two Wolves and a Sheep, and Book 5, Hostile Shores, will be available soon.

Minus America E. E. Isherwood,2019-08-02 If you shoot at Uncle Sam, you better not miss. The attack on America only takes a few minutes. The president has just enough time to sound the alarm. When it ends, nearly everyone on mainland USA is gone. Every policeman. Every housewife. Every trucker. Everyone. A continent free for the taking... Ted

MacInnis is a backup pilot on Air Force Two, over the Atlantic, when it happens. A fighter by nature, he can do little but listen as the radio signals from his homeland fade away and die. However, one last call with his niece convinces him the attack left some behind. She might have survived, and he makes it his mission to find out, but first he must protect his VIP passenger: Vice President Emily Williams. The woman who might already be the leader of America's survivors. Ted, and warriors like him, will soon be part of the most desperate fight America has ever seen. For some, the battle will be violently executed with firepower. For others, surviving in empty cities without adult supervision will be challenging enough. If you enjoy a mixture of apocalyptic exploration, a little pew-pew, and long-odds rebellion against an unseen enemy, check out Minus America, the first action-packed adventure in the Minus America series. Book 2, Empty Cities, is available for pre-order. Book 3, Rebel Cause, and book 4, Two Wolves and a Sheep, will release soon.

Empty Cities Ee Isherwood, 2019-09-12 There are no more red or blue states; just empty states. And empty cities. But a few Americans survived, and are fighting to stay alive. Ted, the pilot, still protects Vice President Emily Williams as he retains the hope of finding his niece. His skills are tested as enemy forces zero in on their location. Tabby, the tour guide, is stuck with three young teens as she looks for her parents. Entire cities are theirs to explore. Dwight, the homeless man, is known for talking to an invisible parrot. He might also be witness to the first wave of the invasion force. Journey along with these characters as they travel through the haunting remains of a once-thriving nation. Fires rage out of control. Unmanned power grids begin to shut down. As they cross state lines and drive through new cities, each of them begins to appreciate this was a terrorist attack beyond

anything in history. And the terrorists make their next big move... If you enjoy a mixture of apocalyptic exploration, a little pew-pew, and long-odds rebellion against an unseen enemy, check out Empty Cities, the second book in the Minus America series. Book 3, Rebel Cause, will be available soon. Book 4, Two Wolves and a Sheep, will also release soon.

Wildfire Robin Crumby, 2018-09-24 An unstoppable virus. Humanity's last stand has failed. Mad Max meets The Day of the Triffids, Terrifyingly realistic. A perfect blend of science fiction, history and social commentary. In the aftermath of a devastating flu pandemic, a military-led relief effort is evacuating UK survivors to a mass quarantine zone on the Isle of Wight. In the political and moral vacuum that follows, refugees trade their freedom for food and a fresh start. Riley and the others from Hurst Castle have relocated to a hotel on the clifftops of Freshwater Bay. To keep her promise she must leave the relative safety of their new home in search of Zed's daughter on the other side of the island, witnessing first-hand the at-times brutal repression of the civilian population. Colonel Abrahams' investigation into the causes of the pandemic leads Zed back to the bio-weapons research facility at Porton Down to interview Ephesus, the archivist with detailed knowledge of Porton's century-long experiments with chemical and biological agents.
