Charles Palliser

The Quincunx Charles Palliser, 1990-11-27 An extraordinary modern novel in the Victorian tradition, Charles Palliser has created something extraordinary—a plot within a plot within a plot of family secrets, mysterious clues, low-born birth, high-reaching immorality, and, always, always the fog-enshrouded, enigmatic character of 19th century—London itself. “So compulsively absorbing that reality disappears . . . One is swept along by those enduring emotions that defy modern art and a random universe: hunger for revenge, longing for justice and the fantasy secretly entertained by most people that the bad will be punished and the good rewarded.”—The New York Times “A virtuoso achievement . . . It is an epic, a tour de force, a staggeringly complex and tantalizingly layered tale that will keep readers engrossed in days. . . . The Quincunx will not disappoint you. It is, quite simply, superb.”—Chicago Sun-Times “A bold and vivid tale that invites the reader to get lost in the intoxicating rhythms of another world. And the invitation is irresistible.”—San Francisco Chronicle “A remarkable book . . . In mood, color, atmosphere and characters, this is Charles Dickens reincarnated . . . It is an immersing experience.”—Los Angeles Times Book Review “To read the first pages is to be trapped for seven-hundred odd more: you cannot stop turning them.”—The New Yorker “Few books, at most a dozen or two in a lifetime, affect us this way. . . . For sheer intricacy and ingenuity, for skill and clarity of storytelling, it is the kind of book readers wait for, a book to get lost in.”—The Philadelphia Inquirer

He has no idea that the girl belongs to a community against whom the invader intends to commit genocide. Rustication: A Novel Charles Palliser,2013-11-04 In 1863, a sexually obsessed opium addict is sent away from Cambridge to live in the country where he becomes the lead suspect in a series of threatening letters and crimes in this new novel from the author of The Quincunx. 50,000 first printing.

The Unburied Charles Palliser,2000-11 In Victorian England, Dr. Courtine is invited to spend the days before

Christmas with a friend from his youth. Courtine finds himself drawn into a haunting world of avarice, skullduggery, and exceptional evil stemming from a 200-year-old murder.

Betrayals Charles Palliser, 1995 At once a hypnotic murder mystery, scathing literary parody, soap opera, and brilliant pastiche, *Betrayals* is an astonishing virtuoso performance by a modern master of literary gamesmanship in the tradition of Vladimir Nabokov and John Barth. The novel unfolds in a series of seemingly unrelated narratives, each written in a different style -- indeed, in a different genre. There is an obituary for a Scottish scientist and Nobel Prize winner, written by a colleague who clearly relishes his death. Early in the century, a train in the Scottish Highlands heads down the wrong track during a winter snowstorm, and the passengers are forced to abandon the train, resulting in the death -- or is it murder? -- of one of them. An inane publisher's reader summarizes the plot of a tacky hospital romance novel, which ends in a gory murder all too reminiscent of Jack the Ripper. Even a report on a contemporary academic controversy explodes into a scandal of plagiarism, shattered reputations, paranoia, and suicide -- or is it murder made to look as such? As Palliser deftly teases out each new situation, it becomes clear that they are all variations on a single outrageous theme: a distinguished figure in some intellectual pursuit -- science, literature, academia -- becomes obsessed with the success of a rival and schemes his demise, only to botch the job out of sheer monomania. Like the scorpion that stings itself to death, each plotter becomes a victim of his own plot; each betrayer changes places with the betrayed in an intricate dance of deception, revenge, and revelation. A challenging, engrossing, utterly original work of art, *Betrayals* is also pure joy to read -- a book that will make you laugh out loud, turn pages madly in pursuit of the next plot twist, and above all, marvel at the supreme ingenuity of a fictional puzzle in which the unlikeliest pieces fit together perfectly. From the Hardcover edition.

The Quincunx - Parts 1 Thru 5 Charles Palliser,

Nostalgic Postmodernism Christian Gutleben, 2021-10-18 Why do so many contemporary British novels revert to the Victorian tradition in order to find a new source of inspiration? What does it mean from an ideological point of view to build a modern form of art by resurrecting and recycling an art of the past? From a formal point of view what are the aesthetic priorities established by these postmodernist novels? Those are the main questions tackled by this study intended for anybody interested in the aesthetic and ideological evolution of very recent fiction. What this analysis ultimately proposes is a reevaluation and a redefinition of postmodernism such as it is illustrated by the British novels which paradoxically both praise and mock, honour and debunk, imitate and subvert their Victorian models. Unashamedly opportunistic and deliberately exploiting the spirit of the time, this late form of postmodernism cannibalizes and reshapes not only Victorianism but all the other previous aesthetic movements - including early postmodernism.

Refracting the Canon in Contemporary British Literature and Film, 2016-08-09 Contemporary works of art that remodel the canon not only create complex, hybrid and plural products but also alter our perceptions and understanding of their source texts. This is the dual process, referred to in this volume as “refraction”, that the essays collected here set out to discuss and analyse by focusing on the dialectic rapport between postmodernism and the canon. What is sought in many of the essays is a redefinition of postmodernist art and a re-examination of the canon in the light of contemporary epistemology. Given this dual process, this volume will be of value both to everyone interested in contemporary art—particularly fiction, drama and film—and also to readers whose aim it is to promote a better appreciation of canonical British literature.

Prizing Scottish Literature Stevie Marsden, 2021-02-15 This history of the Saltire Society Literary Awards demonstrates the significance the awards have had within Scottish literary and cultural life. Theme Parks, Rainforests and Sprouting Wastelands, 2022-05-16 This lively and fascinating new collection of European essays on contemporary Anglophone fiction has arisen out of the ESSE/3 Conference, which was held in Glasgow in September 1995. The contributors live and work in University English Departments in Bulgaria, Croatia, France, Germany, Hungary, Italy, The Netherlands, Portugal and Spain, as well as in the United Kingdom itself. Essays on general theoretical aspects of the subject head and conclude the collection, and there are also essays on individual writers or groups of writers, such as John Fowles, A.S. Byatt, Charles Palliser, Peter Ackroyd, William Golding, Doris Lessing, Daphne du Maurier, Angela Carter and Christina Stead. The performative aspect of the subject-matter of these essays is balanced by a locational aspect, including utopian and dystopian writing in authors as diverse as Michael Crichton, Jenny Diski and Salman Rushdie, and the travel literature of Bruce Chatwin. These essays show theoretical alertness, but no single theoretical position is privileged. The aim of the collection is to provide an indication of the range of work being carried out throughout European academe on Anglophone (mainly British) writing today.
