When a teacher asks the children in her class to think about what makes their families special, the answers are all different in many ways – but the same in the one way that matters most of all. One child is worried that her family is just too different to explain, but listens as her classmates talk about what makes their families special. One is raised by a grandmother, and another has two dads. One has many stepsiblings, and another has a new baby in the family. As her classmates describe who they live with and who loves them – family of every shape, size and every kind of relation – the child realizes that as long as her family is full of caring people, it is special. A warm and whimsical look at many types of families, written by award-winning author Sara O'Leary, with quirky and sweet illustrations by Qin Leng. Our Class is a Family Shannon Olsen, 2020-04-07
Family isn't always your relatives. It's the ones who accept you for who you are. The ones who would do anything to see you smile, and who love you no matter what. -Unknown Teachers do so much more than just teach academics. They build a sense of community within their classrooms, creating a home away from home where they make their students feel safe, included, and loved. With its heartfelt message and colorfully whimsical illustrations, *Our Class is a Family* is a book that will help build and strengthen that class community. Kids learn that their classroom is a place where it's safe to be themselves, it's okay to make mistakes, and it's important to be a friend to others. When hearing this story being read aloud by their teacher, students are sure to feel like they are part of a special family. And currently, during such an unprecedented time when many teachers and students are not physically IN the classroom due to COVID-19 school closures, it's more important than it's ever been to give kids the message that their class is a family. Even at a distance, they still stick together.

Families, Families, Families! Suzanne Lang, 2015-03-24 No matter your size, shape, or pedigree--if you love each other, you are a family! Moms, dads, sisters, brothers – and even Great Aunt Sue – appear in dozens of combinations, demonstrating all kinds of nontraditional families! Silly animals are cleverly depicted in framed portraits, and offer a warm celebration of family love. From School Library Journal PreS-Gr 1—Imagine a house with many rooms, whose walls each have a different color or wallpaper, accenting a family portrait hanging there. On a rustic wooden wall hangs the first portrait—a large family of ducks posing beside a still pond. The next spread shows three pandas in pink vests, much like the pink oriental wallpaper behind them. Each portrait features a gently rhyming line: Some children live with their grandparents.../and some live with an aunt./Some children have many pets.../and some just have a plant. All of these

appealing images demonstrate different ways of being a family. Some children live with their father./ Some children have two mothers./Some children are adopted./Some have stepsisters and-brothers. The cartoon-style critters contrast pleasantly with more realistic elements—a bamboo plant, a slender ceramic dog, a fat ceramic cat. Families of hippos, tigers, lions, ostriches, and whales join the other family groups in the final spread. The loud-and-clear message is that if you love each other, then you are a family. And imagine the many children who will be reassured because they have found a portrait of a family they will recognize as their own. A solid choice for most libraries.—Mary Jean Smith, formerly at Southside Elementary School, Lebanon, TN

Love Makes a Family Sophie Beer, 2018-12-24 This fun, inclusive board book celebrates the one thing that makes every family a family . . . and that's LOVE. Love is baking a special cake. Love is lending a helping hand. Love is reading one more book. In this exuberant board book, many different families are shown in happy activity, from an early-morning wake-up to a kiss before bed. Whether a child has two moms, two dads, one parent, or one of each, this simple preschool read-aloud demonstrates that what's most important in each family's life is the love the family members share.

The Great Big Book of Families Mary

Hoffman, 2015-03-05 What is a family? Once, it was said to be a father, mother, boy, girl, cat and dog living in a house with a garden. But as times have changed, families have changed too, and now there are almost as many kinds of families as colours of the rainbow - from a mum and dad or single parent to two mums or two dads, from a mixed-race family to children with different mums and dads, to families with a disabled member. Mary Hoffman takes a look through children's eyes at the wide varieties of family life: from homes, food, ways of celebrating, schools and holidays to getting around, jobs and housework, from extended families, languages and hobbies to pets and family trees - and she concludes that, for most people, their own family is the best one of all! With Ros Asquith's delightful pictures, this book takes a fresh, optimistic look at families of today.

Like a Family Jacquelyn Dowd Hall, James L. Leloudis, Robert R. Korstad, Mary Murphy, Lu Ann Jones, 2012-12-30 Since its original publication in 1987, Like a Family has become a classic in the study of American labor history. Basing their research on a series of extraordinary interviews, letters, and articles from the trade press, the authors uncover the voices and experiences of workers in the Southern cotton mill industry during the 1920s and 1930s. Now with a new afterword, this edition stands as an invaluable contribution to American social history. The genius of Like a Family lies in its effortless integration of the history of the family--

particularly women--into the history of the cotton-mill world.--Ira Berlin, New York Times Book Review Like a Family is history, folklore, and storytelling all rolled into one. It is a living, revelatory chronicle of life rarely observed by the academe. A powerhouse.--Studs Terkel Here is labor history in intensely human terms. Neither great impersonal forces nor deadening statistics are allowed to get in the way of people. If students of the New South want both the dimensions and the feel of life and labor in the textile industry, this book will be immensely satisfying.--Choice

Families Change Julie Nelson, 2006-11-15 All families change over time. Sometimes a baby is born, or a grown-up gets married. And sometimes a child gets a new foster parent or a new adopted mom or dad. Children need to know that when this happens, it's not their fault. They need to understand that they can remember and value their birth family and love their new family, too. Straightforward words and full-color illustrations offer hope and support for children facing or experiencing change. Includes resources and information for birth parents, foster parents, social workers, counselors, and teachers.

All Families Are Special Norma Simon, 2023-01-26 Winner of a Parent's Guide Children's Media Award No two families are the same, but every family is special. When Mrs. Mack says she will soon be a grandmother, her students realize that teachers have families just like they do! Suddenly everyone in the class wants to share information about his or her own unique family. Sarah tells of flying to China with her parents where they adopted her sister, Rachel. Christopher tells about his parents' divorce. They are still a family, but now he and his brother spend a few days every week at their dad's apartment. Nick lives with his parents, five siblings, and his grandparents--they

need to order three large pizzas for dinner! And Hannah tells how she loves to garden with her two mommies.

A Kid Is a Kid Is a Kid Sara O'Leary, 2021-08-01 In this companion to the enormously popular *A Family Is a Family Is a Family*, a group of kids share the silly questions they always hear, as well as the questions they would rather be asked about themselves. Being the new kid is hard, a child in the school playground tells us. I can think of better things to ask than if I'm a boy or a girl. Another child comes along and says she gets asked why she always has her nose in a book. Someone else gets asked where they come from. One after another, children share the questions they're tired of being asked again and again – as opposed to what they believe are the most important or interesting things about themselves. As they move around the playground, picking up new friends along the way, there is a feeling of understanding and acceptance among them. And in the end, the new kid comes up with the question they would definitely all like to hear: “Hey kid, want to play?” Sara O'Leary's thoughtful text and Qin Leng's expressive illustrations tell a story about children who are all different, all themselves, all just kids. The Family Reunion Thomas Stearns Eliot, 1934

The Two Sides of the Business Family Arist von Schlippe, Tom A. Rüsen, Torsten Groth, 2021-01-04
This book focuses on a central success factor for family businesses: maintaining the decision-making ability over generations while not jeopardizing the business due to family conflict, inefficient governance structures, or lack of identification. The authors identify that this is not as easy as the endeavor to bring two social systems together with contradicting logic (family and business) leads to many dangerous pitfalls. This book presents outcomes of a unique research project in which family managers of eleven of the oldest and largest German family businesses, at least the fourth generation, met for more than three years on a regular basis and presented the essence of their family governance structures to each other and to the authors. It was a joint "learning journey" that admits identifying twelve core questions that these families had been answering to keep up the relationship between family and

business successfully over generations. Obviously, there is no “right” answer to these questions. The key to success is rather engaging the families in a process to find out their own answers and make them aware of the “two sides”: being a family is different from being a business family.
