An Introduction to Arabic Literature Roger Allen,2000-07-13 An accessible introduction to Arabic literature from the fifth century to the present.

A Brief Introduction to Modern Arabic Literature David Tresilian,2012-02-13 Modern Arabic literature remains little known and poorly understood despite growing curiosity among European readers. This brief introduction offers a unique overview, focusing on developments over the last fifty years. It provides a guide to the literary landscape, indicating the major landmarks in the shape of authors, ideas and debates. The picture that emerges shows that the literature of the modern Arab world, Europe's closest neighbour, is not so far from us as we are sometimes encouraged to think. A timely contribution to the dialogue between East and West, bringing modern Arabic literature into the mainstream for English-speaking readers. 'Tresilian's book is not only informative about its subject but also provides thought-provoking messages to the general reader.' -- Denys Johnson Davies Banipal

An Introduction to Arab Poets Adonis,2013-04-01 Poetry is the quintessence of Arab culture. In this book, one of the foremost Arab poets reinterprets a rich and ancient heritage. He examines the oral tradition of pre-Islamic Arabian poetry, as well as the relationship between Arabic poetry and the Qur'an, and between poetry and thought. Adonis also assesses the challenges of modernism and the impact of western culture on the Arab poetic tradition. Stimulating in their originality, eloquent in their treatment of a wide range of poetry and criticism, these reflections open up fresh perspectives on one of the world's greatest - and least explored - literatures. 'The most intellectually stimulating of several Arab books of unique literary distinction in fine translations ... Translated with uncommon intelligence ... As important a cultural manifesto as any written today.' Edward Said, Independent on Sunday 'Adonis's only prose work available in English is this book. The loss is ours and it is massive, for Adonis is a writer like Neruda or Marquez.' Geoff Dyer, Independent 'Introduces the reader to a new way of interpreting all poetry, and to many marvellous words that do not have an English equivalent.' Arts Letter

Arabic Literature Pierre Cachia,2003-09-02 Assuming no previous knowledge of the subject, *Arabic Literature - An Overview* gives a rounded and balanced view of Arab literary creativity. 'High' literature is examined alongside popular folk literature, and the classical and modern periods, usually treated separately, are presented together. Night & Horses & The Desert Robert Irwin,2016-06-21 This collection of Arabic literature is "a joy to read. . . a journey through eleven centuries of a lost world, with a surprise on almost every page" (Financial Times). Spanning the fifth to the sixteenth centuries, from Afghanistan to Spain, *Night & Horses & The Desert* includes translated extracts from all the major classics in an invaluable introduction to the subject of classical Arabic literature. Robert Irwin has selected a wide range of poetry and prose in translation, from the most important and typical texts to the very obscure. Alongside the extracts, Irwin's copious commentary and notes provide an explanatory history of the subject. What were the various genres and to what extent were they constrained by rules? What were the canons of traditional Arabic literary criticism? How were Arabic prose and poetry recited and written down? Irwin explores the literary environments of the desert, salon, mosque, and bookshop and provides brief biographies of the caliphs, princesses, warriors,

scribes, dandies, and mystics who created such a rich and diverse literary culture. Night & Horses & The Desert gives western readers a unique taste of the sheer vitality and depth of the medieval Arab past. "Superb . . . a revelation." –The Washington Post "[A] treasure-house of a book. . . . Unequaled for scholarship and entertainment." –The Independent
