Under the Same Sky Mojgan Shamsalipoor,Milad

Jafari,James Knight,2017-04-26 After fleeing their homeland, Australian refugee policies threaten to tear this young couple apart. An unforgettable story of love, hope and a quest for freedom. At seventeen, all Mojgan Shamsalipoor wanted was to be safe from physical and sexual abuse, go to school, and to eventually marry for love. In Iran, she was denied all of this. Milad Jafari was a shy teenage boy who found his voice as a musician. But the rap music he loved was illegal in his country. All Milad's father, a key maker, builder and shopkeeper, wanted was for his family to live free from the fear of arrest, imprisonment or execution. To do that they all had to flee Iran. Mojgan and Milad met in Australia. But in the months between their separate sea voyages, the Australian government changed the way asylum seekers were treated. Though Milad is recognised as a refugee and will soon become a proud Australian citizen, Mojgan has been told she cannot stay here even though the threat of imprisonment and further abuse, or worse, means she can't return to Iran. *UNDER THE SAME SKY*, is a powerful insight into the human face of asylum seekers and the the way history has shaped the lives of these two young people. It also shows the compassion alive in our suburbs. For Mojgan and Milad, their love keeps their hopes alive.

Child I Steve Tasane,2018-05-01 A group of undocumented children with letters for names, are stuck living in a refugee camp, with stories to tell but no papers to prove them. As they try to forge a new family amongst themselves, they also long to keep memories of their old identities alive. Will they be heard and believed? And what will happen to them if they aren't? An astonishing piece of writing that will enchant and intrigue children; perfectly

pitched at a 9+ readership.

The Red Book Barbara Lehman, 2004-09-27 This Caldecott Honor-winning book about a book is a delightful, wordless tale about the power of stories, perfect for fans of Brendan Wenzel and David Weisner. A red book is lying in the snow in the city. When you open it, you find a new kind of adventure. You will be taken across oceans and continents when you just flip the page. But this book-in-a-book holds even more secrets to discover. Lehman's simple story line and surprising illustrations create an unexpectedly enchanting story about friendship, connectedness, and how stories can bring us together . . . and even bring us inside their pages.

Advance to Barbarism Frederick John Partington Veale, 1968 Who started the mass bombing of civilians in World War II? This book proves, with clinical detail, that it was the Allies, and not the Germans, who started the blitz and once underway, carried it to the most extreme murderous ends. To add insult to injury, at the end of the war, the Allies then arrested German military leaders and put them on show trials for responding to these Allied-initiated atrocities. The author, a legally-trained expert, shows how European conflicts prior to 1939 had an unwritten agreement to avoid involving civilians in warfare and gives several historical examples where victors exercised non-vindictive restraint in dealing with the vanquished. This code of conduct, however, vanished in an orgy of hatred in the 1939-1945 conflict, particularly with the deliberate Allied bombing of civilian, non-military areas of cities. Veale is meticulous in his arguments and cites cabinet meeting transcripts, memoirs of those involved in the decision-making, and many other sources to prove that the British and Americans were the first and the best at killing innocent civilians-and that if there had been any

justice at Nuremburg, the accused would have included the Allied leaders as well. He points out that an appalling precedent had been set by the Nuremburg Trials, for the judgments meant that in any future war the admirals, generals and air marshals of the defeated side could expect to be condemned to death for obeying the orders of their government. In addition, the prosecutors were judge and jury in their own cases. Frederick J. Veale (1897 to 1976) was a professional soldier, a prolific writer, and a regular contributor to the famous Nineteenth Century and After monthly review. In addition to articles on economic and historical subjects, Frederick Veale wrote Lives of Lenin (1932) and Frederick the Great (1935). Cover image: The bombed city of Dresden, February 1945.

Virgil: Aeneid IV Virgil, 2013-11-20 In Book IV of Virgil's Aeneid, one of the most studied books of that epic poem, Dido, queen of Carthage, is inflamed by love for Aeneas. The goddesses Juno and Venus plot to unite them, and their 'marriage' is consummated in a cave during a hunt. However, Jupiter sends Mercury to remind Aeneas of his duty, and the hero departs despite Dido's passionate pleas. At the end of the book, Dido commits suicide. This classic edition of the Latin text of Book IV replaces the long-serving edition by Gould and Whiteley, making this book more accessible to today's students and taking account of the most recent scholarship and critical approaches to Virgil. It includes a substantial introduction, annotation to explain language and content, and a comprehensive vocabulary.

The Summer of Bad Ideas Kiera Stewart, 2017-05-02 In this funny, big-hearted friendship story, perfect for fans of Wendy Mass and Linda Urban, twelve-year-old Edie and her impossibly cool cousin, Rae, set out to complete a mysterious list of "Good Ideas for Summertime" that their eccentric late grandmother wrote back when she was their

age. But good ideas? Most of them seem like bad ideas. Reckless. Foolish. Ridiculous. Still, by accomplishing everything on the list, rule-abiding Edie feels certain that she can become the effortlessly brave adventurer she dreams of being, just like her daring cousin and bold grandmother. For this one summer at least, bad ideas are the best shot she has at becoming who she wants to be. Bad Idea Number One: It's time for a new set of rules.

The Honey Bus Meredith May, 2019-04-02 An

extraordinary story of a girl, her grandfather and one of nature's most mysterious and beguiling creatures: the honeybee. Meredith May recalls the first time a honeybee crawled on her arm. She was five years old, her parents had recently split and suddenly she found herself in the care of her grandfather, an eccentric beekeeper who made honey in a rusty old military bus in the yard. That first close encounter was at once terrifying and exhilarating for May, and in that moment she discovered that everything she needed to know about life and family was right before her eyes, in the secret world of bees. May turned to her grandfather and the art of beekeeping as an escape from her troubled reality. Her mother had receded into a volatile cycle of neurosis and despair and spent most days locked away in the bedroom. It was during this pivotal time in May's childhood that she learned to take care of herself, forged an unbreakable bond with her grandfather and opened her eyes to the magic and wisdom of nature. The bees became a guiding force in May's life, teaching her about family and community, loyalty and survival and the unequivocal relationship between a mother and her child. Part memoir, part beekeeping odyssey, *The Honey Bus* is an unforgettable story about finding home in the most unusual of places, and how a tiny, little-understood insect could save a life.

Cape May Chip Cheek, 2019-04-30 “Inside this mesmerizing tale of sexual desire and discovery, naive newlyweds Henry and Effie are honeymooning in Cape May, N.J., in 1957, tentatively navigating intimacy. Then they

meet Clara and Max, hard-partying lovers who dazzle the innocent pair until they've lost more than their virginity. Cheek's sensual first novel leaves you wanting more." - PEOPLE Henry and Effie's honeymoon is meant to be their introduction to the pleasures of the body, but in the company of Clara and her promiscuous cohort they lose all track of boundaries. A dozy, luxurious sense of enchantment comes over the story, until the rude awakening at its finale.... Cape May does something better than critique or satirize: It seduces. - The Wall Street Journal Cape May is a raw, provocative portrayal of a young 1950s couple on the cusp of a sexual awakening, and the temptations that upturn their honeymoon and reshape their marriage. In this erotic and intimate debut novel, a naïve southern couple is exposed to a group of raucous, debauched urbanites. Arriving for their honeymoon in Cape May, New Jersey, during the off season, Henry and Effie are startled to find the beach town deserted. The abandoned homes and desolate beaches make them shy of each other, and, isolated in their new marriage, they decide to cut their trip short. But before they leave, they encounter their glamorous, sensual neighbors and become swept up by their drama. Clara, a beautiful socialite who feels her youth slipping away; Max, a wealthy playboy and Clara's lover; and Alma, Max's aloof, mysterious, and evocative half-sister, to whom Henry is irresistibly drawn. Slowly, agonizingly, these deeply-flawed, profoundly human characters pull Henry and Effie out of themselves and expose them to a side of desire they never expected. While they discover new truths in each other and in their marriage, the empty beach town becomes their playground. And as they sneak into the vacant summer homes, go sailing, walk naked under the stars, make love, and drink an enormous amount of gin, Henry and Effie slip from

innocence into betrayal, with irrevocable consequences. Seductive and moving, this is a novel about marriage, love, raw sexuality, and the ways in which desire and betrayal can reverberate endlessly throughout our lives.

Peaks of Europe Johan Lolos,2018 *Peaks of Europe* is not a traditional landscape photography book. For this project, Johan Lolos wasn't just documenting the landscapes. This book features a series of photos with a focus on the storytelling as much as the imagery. At the end, the people he met were what he remembered most.
