Teaching and Learning Shakespeare through Theatre-based Practice Tracy Irish, Jennifer Kitchen, 2023-12-28 How can the study of Shakespeare contribute to equipping young people for the challenges of an uncertain future? This book argues for the necessity of a Shakespeare education that: finds meaning in the texts through inviting in the prior knowledge, experiences and ideas of students; combines intellectual, social and emotional learning; and develops a critical perspective on what a cultural inheritance is all about. It offers a comprehensive exploration of the educational principles underpinning theatre-based practice and explains how and why this practice can open up the possibilities of Shakespeare study in the classroom. It empowers Shakespeare educators working with young people aged 5-18 to interact critically, creatively and collaboratively with Shakespeare as a living artist. Drawing on the authors' research and experience with organizations including the Royal Shakespeare Company, Shakespeare's Globe, the Folger and Coram Shakespeare Schools Foundation, Part One consolidates recent developments in the field and engages in lively dialogue with core questions of Shakespeare's place in the classroom. Part Two curates a series of interviews with leaders and practitioners from the above and other Shakespeare institutions, exploring their core principles and practices. Part Three presents chapters from and about classroom teachers, who share their experiences of successfully embedding theatre-based approaches to Shakespeare in their own diverse contexts.

Defining Literary Criticism Carol Atherton, 2005-09-27 Outlining the controversies that have surrounded the academic discipline of English Literature since its institutionalization in the late nineteenth century, this important book draws on a range of archival sources. It addresses issues that

Atherton also addresses contemporary arguments about the teaching of literary criticism, including an examination of the reforms to A-Level literature.

The End Of The Question Mark? AQA 63336, 2010-09-03 The perfect gift book for those who want to know the meaning of life or the fastest running speed of a chicken. Based on the questions texted to Any Questions Answered (AQA), number 63336, and the answers given by the service. For example: Q. How many baked beans would you need to place end to end to reach the moon? A. The moon's average distance from Earth is 385,000 km. So it would take 32,033,583,333 baked beans, end to end, to reach the moon. Q. What are the three English words that end in GRY? A. There are only two common English words that end in GRY: angry and hungry. It is a well known hoax if someone asks you to try and find the third word. Q. Is it normal to want to have sex with a dog? A. It is normal to be sexually attracted to a dog, but only if you are a dog yourself - in which case AQA is very impressed by your ability to use a mobile phone. Q. What is the opposite of a camel? A. The opposite

of a camel is a soap dish. Quality examples (not the octopus sucker sort) have dips not humps, and most of their time is spent around water.

The Social Construction of Meaning John Yandell,2013-09-27 This book takes a fresh look at secondary urban English classrooms and at what happens when students and their teachers explore literature collaboratively. Ethical English Mark A. Pike, 2014-12-18 Ethical English addresses the 'ethos' of English teaching and draws attention to its 'spirit' and fundamental character, identifying the features that English teaching must exhibit if it is to continue to sustain us morally as a liberal art and to provide the learners of increasingly plural societies with a broad ethical education. Mark A. Pike provides practical

examples from the classroom, including assessment and teaching, knitting these with an ethical critique of practice, stimulating readers to engage in critical reflection concerning the teaching of English. This book not only shows readers how to teach English but also helps them to critically evaluate the ethics of the practice of English teaching.
