

Solomons Treasure The Magic And Mystery Of Americas Money

David Ovason

Solomon's Treasure Tracy R. Twyman, 2005-10-01 It is commonly known that the United States was founded by men with a philosophy grounded in the occult: namely Freemasons, who saw in the US a potential New Atlantis, which would guide the nations towards a New World Order of peace, democracy, and enlightenment. But what few people understand is the correlation between the esoteric doctrines of Masonry and the economic principles that underpin the American economy. Few understand that the dollar is a unit of magical energy, and the dollar bill itself a magical talisman. Although many words have been written by conspiracy theorists analyzing the Masonic symbols on the one dollar bill, no one has yet been able to sufficiently explain why these symbols are there, or what they really mean. *Solomon's Treasure* explains how the magic of the dollar operates. The creation of money by the Federal Reserve, and its exponential multiplication by the procedures of the banking system, is analogous to the creation and multiplication of gold in the metaphysical practice of alchemy. The members of the Federal Reserve Board are in many ways like sorcerers, conjuring wealth seemingly out of thin air and distributing it at will to transform the American economy according to their desires. The dollar is fiat currency, declared into existence by the central bank in a manner similar to the creation of the universe by the divine words Let there be light! This system depends entirely on a religious faith by the American people in the supernatural power of the dollar. This faith is reinforced by the financial terminology currently in use, as well as by watchwords and symbols found on American money. These act as magical charms, and also as tokens of communal trust in, and fidelity to, the dollar as an institution. Every time a person spends a dollar, or accepts a dollar as payment, they are confirming their belief in the dollar, and using it to exercise their spiritual will. Even the familiar dollar (\$) sign has an occult meaning which is linked with these ideas. *Solomon's Treasure* reveals the role played by the proto-Masonic Order of Knights Templar in the development of capitalism and the modern banking system. Because of their pivotal contributions, numerous modern financial terms, monetary concepts, and banking practices can be traced back to the Templars. Perhaps most shocking are the links between the treasure of King Solomon, purportedly discovered by the Knights Templar, and America's wealth. In *Solomon's Treasure*, author Tracy R. Twyman explains how time-honored esoteric wisdom principles of wealth creation have been passed down through the ages: from King Solomon, to the Knights Templar, to the Freemasons, and ultimately to the architects of the US dollar.

Ritual America Craig Heimbichner, Adam Parfrey, 2012-03-06 Adam Parfrey is one of the nation's most provocative publishers.—Seattle Weekly Secret society historian Craig Heimbichner follows the Middle Path to wisdom. He works the graveyard shift in the secret lodge.—Joan d'Arc, Paranoia magazine Secret societies—now a staple of bestseller novels—are pictured as sinister cults that use hooded albinos to menace truth-seekers. Some conspiracy books claim that fraternal orders are the work of serpentine aliens and interbred humans who wish to supplant earth of its energy, and later, its very existence. On the other side of the aisle, books by high-ranked Freemasons—skeptical in tone but no less partisan in approach—protect their organization's public image by denying the existence of its most contentious ideas. *Ritual America* reveals the biggest secret of them all: that the influence of fraternal brotherhoods on this country is vast, fundamental, and hidden in plain view. In the early twentieth century, as many as one-third of America belonged to a secret society. And though fezzes and tiny car parades are almost a thing of the past, the Gnostic beliefs of Masonic orders are now so much a part of the American mind that the surrounding pomp and circumstance has become faintly unnecessary. The authors of *Ritual America* contextualize hundreds of rare and many never-before printed images with entertaining and far-reaching commentary, making an esoteric subject

provocative, exciting, and approachable. Adam Parfrey is the author of *Cult Rapture: Revelations of the Apocalyptic Mind* and *It's a Man's World: Men's Adventure Magazines, the Postwar Pulps*. He is editor of the influential *Apocalypse Culture* series *Love, Sex, Fear Death: The Inside Story of the Process Church of the Final Judgment*. Craig Heimlichner has recently appeared on a National Geographic documentary about the Bohemian Grove, contributed to the Feral House compilation *Secret and Suppressed II*, and wrote about the famous occult order the O.T.O. in *Blood and Altar*.

Baphomet Tracy R Twyman, 2023-03 Published posthumously into print by Mystagogue Publications *Baphomet: The Mystery of Mysteries Unveiled & Other Essays*. The first collection are essays were published by Tracy R. Twyman through Quintessential Publications in 2009 concerning the Knight Templars and Baphomet's history and meaning. They were to be published into a book by the same title, *Baphomet: The Mystery of Mysteries Unveiled*. These essays served as the basis for her next book *BAPHOMET The Temple Mystery Unveiled*, published in 2015; which in turn continued into her magnum opus, *Mysterium Baphometis Revelatum Introduction & Translation*. The second collection, are five essays and an interview, regarding the origins of Baphomet, The Knight Templars and their relation to Priory of Sion, the game of chess, taken from *Dagobert's Revenge Magazine* issues; and the subject of Baphomet and the US financial system (that was elaborated on further in her book *Solomon's Treasure: The Magic and Mystery of America's Money*, published in 2005.) *Baphomet: The Mystery of Mysteries Unveiled & Other Essays* could be viewed as a well rounded introductory literature thus to connect, or delve further into Tracy's unmatched efforts and work in unveiling the 'mysteries' of Baphomet; also to be familiar with other essential themes and ideas in Tracy's work. That is, Priory of Sion had been a major theme in Tracy's work, and it's relation to Renne le Chateau, the Nephilim, and Atlantis; The chess board, is what her Baphomet Ouija board illustrates as a symbol where Cain or Baphomet does express themselves. Immerse yourself into the variety that is presented in this book.

The Merovingian Mythos and the Mystery of Rennes-Le-Chateau Tracy R. Twyman, 2004 Do five mountains in Southern France contain the greatest treasure of human history? What exactly was the artifact known as the Holy Grail? Was civilization created by beings that were greater than human? Was there once a primeval language given to us by the gods? Twyman's long awaited book *The Merovingian Mythos and the Mystery of Rennes-le-Chateau*. Ms. Twyman has been a journalist and occult researcher for more than ten years. Protocolos para un Apocalipsis Frank G. Rubio, Enrique Freire,2014-04-14 ¿Se ha parado alguna vez a pensar qué es verdad y qué no de todo lo que ve por televisión? ¿Tiene usted tiempo de asimilar las oleadas informativas que surgen todos los días, machaconamente, en periódicos, radios y televisores? ¿Tiene usted la sensación de que realmente importa más la noticia que el contenido, la imagen más que el suceso, y que detrás de todo ello hay una clara intención no revelada? De todo esto y mucho más habla *Protocolos para un Apocalipsis*. Más allá de un simple libro sobre Teoría de la Conspiración, *Protocolos para un Apocalipsis* analiza desde insospechados y genuinos puntos de vista todo aquello que está conformando nuestro presente y nuestro futuro, configurando un momento único en la historia y en el que las imágenes arquetípicas e indiscriminadas, la inestimable ayuda de la televisión y las ideas pergeñadas desde mucho tiempo atrás, nos han colocado en lo que vivimos: un Apocalipsis mediático con el único fin de impactar sobre nuestras mentes y llevarnos a una nueva era de manipulación y control sin parangón en la Historia. El enemigo, el único que hay, está ya en nuestra mente.

The Historical Destiny of the United States Emmet Fox, 2013-07 In order to understand the special work which the United States has been called upon to do in the history of Humanity, we have first to remember that the American people are, historically, that section of the people of Europe whose task it was to explore the continent of America, to

subdue it and to develop it. It is impossible to understand the historical significance and importance of any country as long as we consider that country only by itself. In order to determine its true place in the scheme of things we have to consider its connection with the general stream of historical tendencies. It is needless to say that a purely partisan outlook—the so-called patriotic outlook, for instance—is a hopeless handicap to the finding of the truth. In the study of history as in the investigations of natural science, the truth is arrived at only after an impartial and dispassionate inquiry. Wilder Publications is a green publisher.
