Masks of the Illuminati Robert A. Wilson, 2009-10-21 This American underground classic is a rollicking cosmic mystery featuring Albert Einstein and James Joyce as the ultimate space/time detectives. One fateful evening in

a suitably dark, beer-soaked Swiss rathskeller, a wild and obscure Irishman named James Joyce would become the drinking partner of an unknown physics professor called Albert Einstein. And on that same momentous night, Sir John Babcock, a terror-stricken young Englishman, would rush through the tavern door bringing a mystery that only the two most brilliant minds of the century could solve . . . or perhaps bringing only a figment of his imagination born of the paranoia of our times. An outrageous, raunchy ride through the twists and turns of mind and space, *Masks of the Illuminati* runs amok with all our fondest conspiracy theories to show us the truth behind the laughter . . . and the laughter in the truth. Praise for *Masks of the Illuminati* "I was astonished and delighted . . . Robert Anton Wilson managed to reverse every mental polarity in me, as if I had been pulled through infinity."—Philip K. Dick "[Wilson is] erudite, witty, and genuinely scary."—Publishers Weekly "A dazzling barker hawking tickets to the most thrilling tilt-a-whirls and daring loop-o-planes on the midway to a higher consciousness."—Tom Robbins "Wilson is one of the most profound, important, scientific philosophers of this century—scholarly, witty, hip, and hopeful."—Timothy Leary

It maintains that the confusion of social and moral values in the free world has been deliberately created.

Contributors: Richard S. Arnold, Martha Craig Daughtry, Harry T. Edwards, Ruth Bader Ginsburg, Betty B. Fletcher, A. Leon Higginbotham, Jr., Lord Irvine of Lairg, Jon O. Now he's been returned to the United States with a covert mission: to kill a candidate running for US president . . . This "shocking, tense" and sharply satirical novel has become a modern classic, and was the basis for two film adaptations (San Francisco Chronicle). Fire in the Minds of Men James H. Billington, 1999 This book traces the origins of a faith--perhaps the faith of the century. Modern revolutionaries are believers, no less committed and intense than were Christians or Muslims of an earlier era. What is new is the belief that a perfect secular order will emerge from forcible overthrow of traditional authority. This inherently implausible idea energized Europe in the nineteenth century, and became the most pronounced ideological export of the West to the rest of the world in the twentieth century. Billington is interested in revolutionaries--the innovative creators of a new tradition. His historical frame extends from the waning of the French Revolution in the late eighteenth century to the beginnings of the Russian Revolution in the early twentieth century. The theater was Europe of the industrial era; the main stage was the journalistic offices within great cities such as Paris, Berlin, London, and St. Petersburg. Billington claims with considerable evidence that revolutionary ideologies were shaped as much by the occultism and proto-romanticism of Germany as the critical rationalism of the French Enlightenment. The conversion of social theory to political practice was essentially the work of three Russian revolutions: in 1905, March 1917, and November 1917. Events in the outer rim of the European world brought discussions about revolution out of the school rooms and press rooms of Paris and Berlin into the halls of power. Despite his hard realism about the adverse practical consequences of

revolutionary dogma, Billington appreciates the identity of its best sponsors, people who preached social justice transcending traditional national, ethnic, and gender boundaries. When this book originally appeared The New Republic hailed it as remarkable, learned and lively, while The New Yorker noted that Billington pays great attention to the lives and emotions of individuals and this makes his book absorbing. It is an invaluable work of history and contribution to our understanding of political life.

The Unseen Hand A. Ralph Epperson, 1985 It is the contention of the author that the major events of the past, the wars, the depressions and the revolutions, have been planned years in advance by an international conspiracy.--Page 4 of cover

The Synagogue of Satan Andrew Carrington Hitchcock, 2007

Most Dangerous Book in the World S. K. Bain, 2012-09-01 In this shocking exposé, investigative researcher and author S. K. Bain reveals the truth behind the mass-murdering psychopaths responsible for the events of September 11, 2001, and reconstructs the occult-driven script for this Global Luciferian MegaRitual. As Bain uncovers, the framework for the entire event was a psychological warfare campaign built upon a deadly foundation of black magick and high technology. The book details the sinister nature of the defining event of the 21st century and explains the vast scope of the machinery of oppression that has been constructed around us.

The Illuminati Manifesto Solomon Tulbure, 2001 ...By the late 1600s Masonic lodges were abandoning the rules of the masters and all forms of infighting took place. The Masonic Brotherhood was to remain a secular institution, but renegades started their own Masonic Lodges, invented initiation rituals, and permitted just about anyone whom wished and had wealth or position of power to join their Lodges. The Church, even though it banished and denounced the Masonic Order, sent agents (Jesuit priests) to infiltrate the organization, which until the 1700 was comprised of secularists, philosophers and the educated elite and men of influence. In 1701 a group of friends gathered together at the house of a host whom had invited them to his birth day party. It is during this occasion, while the 13 of them were in the host' cellar admiring the fine wine collection and relaxing in the cool of the chamber that the issue of politics and religion was brought up. These wealthy friends decided then and there to seek out all the Masons whom were atheists, deists, agnostics and freethinkers and initiate them into a circle of friends with the goal to eradicate religion and seek to free man kind from the chains of superstition. The new initiates were taught the art of the Craft and learned to master it and use it to find potential new recruits. Adam Weishaupt was soon called before the council and asked if he would be the Initiator of the Order later to be known as The Illuminati Order. Weishaupt was very successful, as he had deep and far-reaching connections as well as close friendship with the Enlightened Masons of Europe. He set up many Illuminati Lodges within the European Lodges, and charged a group of loyal friends to start Lodges in America and recruit every liberal minded person of notoriety. The Circle of Friends already had special friends in America and the founding fathers of the US constitution were among the strongest Illuminists, having recruited many industrialists and bought many others with funds provided by the Circle of Friends. John Adams had established many institutions in France, Germany, and England, after which the Illuminati were ordered to operate from deep underground cover.
