La Strada Da Seguire Susan Toscan,2013-05-13 During the challenging years between the Great War and the Second World War, ordinary people find themselves pushed to their limits. In *La Strada Da Seguire*, Susan Toscan uses fiction-inspired by her own history-to tell the tales of two seemingly unrelated communities, one in Australia and the other in Italy. In the 1930s in Griffith, New South Wales, an emerging major farming district, a family diligently works to build a life on their farm. When Italian migrants move to the town, bringing invaluable knowledge and a commitment to hard work, thriving businesses are born. The new neighbours struggle to develop a successful multicultural society. Things are no easier in Italy. In the uncertain years following the Great War, everyone hopes for some stability. Barely recovered from the Great War, they now find themselves caught up in the inescapable wave of another. Desperate for change, a young woman looks for an escape from her frightfully mundane existence. As the Second World War breaks out, the young men from both of these communities are called to service. Ripped from the only lives they know and the relative safety of home, they must face an unpredictable future with as much dignity and bravery as they can muster, against forces and events far beyond their control. Life, love, and tragedy are all part of the new world, and the members of these communities must now choose between being victims-or survivors.

Strada, La Federico Fellini,Peter Bondanella,Manuela Gieri,1987 According to the American Film Institute, *La Strada* is one of the most popular films in cinema history. The performances of Giulietta Masina as the waif Gelsomina, Richard Basehart as the Fool, and Anthony Quinn as the strongman Zampano, who buys Gelsomina from her mother and takes her with him on the road, have been acclaimed for their power and sometimes ridiculed for their sentimentality. The debates over what these characters and the story they enact represent--a Christian parable, a journey of self-discovery, a tale of beauty and the beast--and the position of the film within the neo-realist genre, continue today. This new translation and critical edition of the continuity script for *La Strada* is the only accurate guide to the film in any language. The notes to the shooting script enable the reader to reconstruct some of Fellini's changes while shooting the film. The edition also contains an introduction which analyzes the work's place in film history and within the so-called crisis of neo-realism, and provides for the first time in English a number of articles on the film's production. Fellini's most important interviews and statements on *La Strada* are included as well. Finally, two of the best critical analyses of the film, by Frank Burke and Peter Harcourt, are reprinted, along with a number of the contemporary reactions by critics from France (Andre Bazin), Italy (Guido Aristarco), and the United States--including a description of its reception at the Venice Film Festival. The illustrations include some of Fellini's original drawings made during the shooting of the film.

The Films of Federico Fellini Peter Bondanella,2002-01-17 Examines the cinematic vision of the renowned Italian filmmaker.

The Road Cormac McCarthy, 2007-03-20 WINNER OF THE PULITZER PRIZE • NATIONAL BESTSELLER • A searing, post-apocalyptic novel about a father and son's fight to survive, this tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful (San Francisco Chronicle). • From the bestselling author of *The Passenger* A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, each the other's world entire, are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's latest bestselling novels, *The Passenger* and *Stella Maris*.
