The Fall of Heaven Andrew Scott Cooper,2016-08-02 An immersive, gripping account of the rise and fall of Iran's glamorous Pahlavi dynasty, written with the cooperation of the late Shah's widow, Empress Farah, Iranian revolutionaries and US officials from the Carter administration In this remarkably human portrait of one of the twentieth century's most complicated personalities, Mohammad Reza Pahlavi, Andrew Scott Cooper traces the Shah's life from childhood through his ascension to the throne in 1941. He draws the turbulence of the post-war era during which the Shah survived assassination attempts and coup plots to build a modern, pro-Western state and launch Iran onto the world stage as one of the world's top five powers. Readers get the story of the Shah's political career alongside the story of his courtship and marriage to Farah Diba, who became a power in her own right, the beloved family they created, and an exclusive look at life inside the palace during the Iranian Revolution. Cooper's investigative account ultimately delivers the fall of the Pahlavi dynasty through the eyes of those who were there: leading Iranian revolutionaries; President Jimmy Carter and White House officials; US Ambassador William Sullivan and his staff in the American embassy in Tehran; American families caught up in the drama; even Empress Farah herself, and the rest of the Iranian Imperial family. Intimate and sweeping at once, *The Fall of Heaven* recreates in stunning detail the dramatic and final days of one of the world's most legendary ruling families, the unseating of which helped set the stage for the current state of the Middle East.

As Old As Time Liz Braswell,2016-09-06 What if Belle's mother cursed the Beast? *As Old as Time* is the third book in a new YA line that reimagines classic Disney stories in surprising new ways. When Belle touches the Beast's enchanted rose, memories flood through Belle's mind--memories of a mother she thought she would never see again. And, stranger still, she sees that her mother is none other than the beautiful enchantress who cursed the castle and all its inhabitants. Shocked and confused, Belle and the Beast will have to unravel a dark mystery about their families that is 21 years in the making.

The Beast Within Serena Valentino,2014-07-22 A cursed prince sits alone in a secluded castle. Few have seen him, but those who claim they have say his hair is wild and nails are sharp--like a beast's! Kingdom Keepers IV Ridley Pearson,2022-03-08 For the five teens who modeled as Disney Hologram Imaging hosts, life is beginning to settle down when an intriguing video arrives to Philby's computer at school. It's a call for action: the Overtakers, a group of Disney villains, seem to be plotting to attempt a rescue of two of their leaders, both of whom the Disney Imagineers have hidden away somewhere following a violent encounter in Epcot. A staged attack by new Overtakers at Downtown Disney, startles the group. One of their own, Charlene, is acting strange of late. Has she tired of her role as a Kingdom Keeper or is there something more sinister at play? When caught sneaking into Epcot as her DHI, acting strictly against the group's rules, Finn and Philby take action. Has the impossible occurred? Have the Overtakers created their own holograms? Have they found a way to jump from the Virtual Maintenance Network onto the Internet, and if so, what does that mean for the safety of the parks, and the spread and reach of the Overtakers? Are they recruiting an army from outside the parks? A dark cloud in the Kingdom Keeper era is unfolding, and with dissention in their own ranks, it's unclear if there's any chance of escape.

Kingdom Keepers V Ridley Pearson,2022-03-08 As the five Kingdom Keepers enter high school, everything is about to change. The Maintenance Base that controls all four parks in Disney World is under attack by the Overtakers, a group determined to change Disney forever. Relationships between the Keepers are no longer as simple as they once were. In fact, nothing is as simple as it once was. An after-hours visit to Typhoon Lagoon is a game changer. The Keepers lose one of their most valuable supporters. But there's work to do . . . The Disney Dream leaves Port Canaveral on an historic cruise to Los Angeles with a special treat in store for guests: the Disney Host Interactive guides are on board. Finn, Maybeck, Charlene, Willa, and Philby join guests as the DHI experience moves to one of the most advanced cruise ships in the world. But all is not right below decks. Strange things are happening. Only the Kingdom Keepers know the truth behind their invitation to be in attendance: nearly every Disney villain is aboard the ship, including Maleficent. The Overtakers have infiltrated the cast and crew. And no one knows what they have planned. The Dream sets sail filled with enthusiastic guests and crew. But not for long. Maleficent takes over a video screen and warns the guests of trouble to come. With the ship arriving to the

beaches of Castaway Cay--its first of many exotic ports of call--the Kingdom Keepers are under attack; back home the Base is threatened and about to fall. The Overtakers have expanded in ways never foreseen, and it's clear they intend to use this element of surprise to accomplish what has eluded them so far: victory. But not if Finn Whitman and friends have anything to say about it.

Reham Khan Reham Khan,2018-08-31 Reham Khan's eventful life took her from Gaddafi's Libya to Zia's Pakistan and thence to England as a teenage bride, before she returned to Pakistan in her forties. Her life has been one of extraordinary contrasts: she has been through a violent marriage and domestic abuse, and has had to negotiate the murky world of Pakistan politics; but her story also includes the rebuilding of her life after she chose to end her first marriage, raising three children single-handedly and at the same time, building herself a successful career both in the UK and in Pakistan. Reham Khan's story is ultimately one of resilience, strength, courage and conviction. It is the story of a woman who believed in herself and stood up to the world despite the fact that the odds were stacked against her - and ultimately emerged victorious. In clear, crisp prose, Reham Khan tells her story with wit, intelligence and candour. This is a memoir that will engage and surprise readers of all ages and of both genders; to many it will be an inspirational tale from a woman who fought for respect and for her identity on her own terms, a woman who is a survivor, and a winner.

Kingdom Keepers (Volume 1) Ridley Pearson,2020-04-14 Five young teens tapped as models for theme park “guides” (using a new hologram technology developed by the Disney Imagineers) find themselves pitted against Disney villains and witches that threaten both the future of Walt Disney World and the stability of the world outside its walls. Featuring a new cover design and additional content!

Kingdom Keepers II (Volume 2) Ridley Pearson,2020-04-14 It's supposed to be a happy day at the Magic Kingdom—the return of the teenaged holographic hosts. But things go very wrong when a sudden lightning storm disrupts the celebration, and Amanda's mysterious sister, Jez, disappears. The only clue is the sighting of a wild monkey in the Magic Kingdom during the storm. The mystery deepens as Finn is contacted by Wayne, an old man he hasn't heard from in months. Wayne tells Finn that there's trouble at the Animal Kingdom: the evil Overtakers have gained control of one of the computer servers that will be used to operate Daylight Holographic Imaging there. That means that if any of the holographic hosts fall asleep, they will go into comas—permanently. Filled with action and brimming with the same meticulous detail as *The Kingdom Keepers: Disney After Dark*, this second book in the series—*The Rise of Chernabog*—is the result of hands-on research behind the scenes at Disney's Animal Kingdom Park. Young and older readers alike will get a glimpse into a second Disney kingdom. The wild rides have only just begun; and the clock is ticking. The Art of Inside Out ,2015-05-26 From an adventurous balloon ride above the clouds to a monster-filled metropolis, Academy Award®-winning director Pete Docter (*Monsters, Inc.*, *Up*) has taken audiences to unique and imaginative places. In Disney•Pixar's original movie *Inside Out*, he will take us to the most extraordinary location of all—inside the mind. Growing up can be a bumpy road, and it's no exception for Riley, who is uprooted from her Midwest life when her father starts a new job in San Francisco. Like all of us, Riley is guided by her emotions — Joy, Fear, Anger, Disgust, and Sadness. The emotions live in Headquarters, the control center inside Riley's mind, where they help advise her through everyday life. As Riley and her emotions struggle to adjust to a new life in San Francisco, turmoil ensues in Headquarters. Although Joy, Riley's main and most important emotion, tries to keep things positive, the emotions conflict on how best to navigate a new city, house and school. In this groundbreaking and illuminating film, Pixar Animation Studios examines the extraordinary depths of the mind and the powers of emotion and imagination. *The Art of Inside Out* provides an exclusive look into the artistic exploration that went into the making of this vibrant film. Featuring concept art—including sketches, collages, color scripts, and much more—and opening with a foreword by actress Amy Poehler and introduction by the film's writer and director Pete Docter, this is the ultimate behind-the-scenes experience of the making of this landmark film.
