**Sorrow Woods** Beckie Stevenson,2015-05-19 How did you even get here? I blink at him, confused by his question. We live here. You live here, in these woods? When Kaiden stumbles across Serena Scott whilst hunting in Sorrow Woods he thinks all of his birthdays have come at once. Finally, the girl that's haunted and intrigued him and his parents for the last fourteen years is standing in front of him. And she's alive. Serena should have known that he would shatter her life into a thousand pieces. It wasn't because of the gun, or the tattoos that snaked around his arm, but because he was the first boy that she'd ever set eyes on. He wasn't just any boy either; he was Kaiden Matthews. He was dark, dangerous and strangely alluring. And he was beautiful. Serena's life as she knows it is destroyed after Kaiden drops his bombshell. As the consequences of his actions begin to penetrate through into her life she vows to stay away from him, and while she might have been in his past, she refuses to be his future. Kaiden knows that in order for either of them to salvage anything from the mess he's made he needs to make sure the secrets of his past stay hidden, but as they start to rebuild their lives they find themselves stuck in a whirlwind of secrets and confessions that could threaten to break their already fragile relationship.

*The Red Cobra* Rob Sinclair,2017-04-04 From the author of the *Enemy* series: James Ryker thought he'd gotten away from the chaos and violence of espionage. He couldn't have been more wrong . . . Carl Logan dedicated nearly twenty years to the Joint Intelligence Agency. Now living in a secret location, under the new identify of James Ryker, he wants nothing more than to be left alone to start a new life away from chaos, violence, destruction and deceit. It's not long, however, before Ryker's short-lived idyll is destroyed when he's tracked down by Peter Winter, his ex-boss at the JIA. Winter brings news of the murder of a woman in Spain, Kim Walker, whose fingerprints match those of one of Ryker's former adversaries who's been missing presumed dead for years--an infamous female assassin known as the Red Cobra. A cyber attack at the JIA led to the Red Cobra's profile being compromised, and Winter believes JIA agents may now be at risk too, Ryker included. But Ryker knew the elusive Red Cobra better than anyone, and when he sees the grisly pictures of Kim Walker's corpse, he has news for Winter--she isn't the assassin at all . . . So just who is the mystery dead woman? And where is the real Red Cobra? *The Red Cobra* is a fast-paced thriller filled with twists, turns, and intrigue from the bestselling author of the highly acclaimed *Enemy* series of espionage thrillers featuring Carl Logan, among other gripping novels. Praise for the bestselling novels of Rob Sinclair: This is a real page-turner, impossible to put down. --Publishers Weekly

*Reykjavik Nights* Arnaldur Indridason,2015-04-21 In this stunning prequel to his critically acclaimed Inspector Erlendur series, Arnaldur Indridason gives devoted fans a glimpse of Erlendur as a young, budding detective. The beat on the streets in Reykjavik is busy: traffic accidents, theft, domestic violence, contraband ... And an unexplained death. When a tramp he met regularly on the night shift is found drowned in a ditch, no one seems to care. But his fate haunts Erlendur and drags him inexorably into the strange and dark underworld of the city. The writer whose work *The New York Times* describes as having the sweep and consequence of epic story telling has outdone himself in this multi-layered and masterful suspense story. His latest book in the series, *Strange Shores*, was nominated for the 2014 Crime Writers of America Gold Dagger Award.

**The Strix** Katalina Leon,2016-09-07 Welcome to Villa Lupus Unguis, the house of the Wolf Fang. While getting her fortune told in a Wiccan shop in Salem, Massachusetts, Arcona's reality has a screaming meltdown. A past life as an obsessed Celtic witch awakens and she's flung headfirst into blood rites on a sacred island, captured by Romans, and sold in the markets of Pompeii as a pleasure slave to the sadistic owner of a gladiatorial school. Seeking revenge against Rome, Arcona lures a lonely Dacian gladiator into her bed and uses dark magic to turn him into an immortal blood-craving Slayer, a warlike vampire to be set loose on the Empire. Two millennia and an exploding Mount Vesuvius later, Tyr is still pissed off about being forced to spend eternity as a vampiric mercenary. Desperate to break the Slayer curse, he kidnaps Arcona, intent on learning the secrets carried in her blood. But they're in for a surprise. Once these two damaged souls share their stories, the possibility of redemption-even love-is offered. When another Slayer tries to claim Arcona as his blood slave, Tyr has to be her hero one last time. He loved her once but can a vampiric Slayer ever forgive his maker? This is an epic tale of witchcraft, vampires, reincarnation, and a healing act of love. Note to my readers: The Strix is NOT a straightforward romance. The heroine's personality exists in two time frames. She is virtually two different women, sharing the same experiences and evolving from them. This story contains Upir Likhyi or warrior vampires, graphic violence, and sex scenes, blood sports in the arena, and past life mayhem messing up the present. Full-length novel, no cliffhanger, HEA.
