Planet Barbecue! Steven Raichlen,2015-12-22 The most ambitious book yet by America's bestselling, award-winning grill expert whose Barbecue! Bible books have over 4 million copies in print. Setting out—again—on the barbecue trail four years ago, Steven Raichlen visited 60 countries—yes, 60 countries—and collected 309 of the tastiest, most tantalizing, easy-to-make, and guaranteed-to-wow recipes from every corner of the globe. Welcome to Planet Barbecue, the book that will take America's passionate, obsessive, smoke-crazed live-fire cooks to the next level. Planet Barbecue, with full-color photographs throughout, is an unprecedented marriage of food and culture. Here, for example, is how the world does pork: in the Puerto Rican countryside cooks make Lechon Asado—stud a pork shoulder with garlic and oregano, baste it with annatto oil, and spit-roast it. From the Rhine-Palatine region of Germany comes Spiessbraten, thick pork steaks seasoned with nutmeg and grilled over a low, smoky fire. From Seoul, South Korea, Sam Gyeop Sal—grilled sliced pork belly. From Montevideo, Uruguay, Bandiola—butterflied pork loin stuffed with ham, cheese, bacon, and peppers. From Cape Town, South Africa, Sosaties—pork kebabs with dried apricots and curry. And so it goes for beef, fish, vegetables, shellfish—says Steven, Everything tastes better grilled. In addition to the recipes the book showcases inventive ways to use the grill: Australia's Lamb on a Shovel, Bogota's Lomo al Trapo (Salt-Crusted Beef Tenderloin Grilled in Cloth), and from the Charantes region of France, Eclade de Moules—Mussels Grilled on Pine Needles. Do try this at home. What a planet—what a book.

The World Cookbook [4 volumes] Jeanne Jacob,Michael Ashkenazi,2014-01-15 This is the only world cookbook in print that explores the foods of every nation-state across the globe, providing information on special ingredients, cooking methods, and commonalities that link certain dishes across different geographical areas. Increasing globalization, modern communication, and economic development have impacted every aspect of daily life, including the manner by which food is produced and distributed. While these trends have increased the likelihood and expansion of food influences, variations of the same popular dishes have been found in regions all over the world long before now. This book is an ecological, historical, and cultural examination of why certain foods are eaten, and how these foods are prepared by different social groups within the same—and different—geographical region. The authors cover more than 200 countries and cultural groups, featuring each nation's food culture and traditions, and providing overviews on foodstuffs, typical dishes, and styles of eating. This revised edition features in excess of 400 new recipes, several new countries, and additional sidebars with fun facts explaining unique foods and unfamiliar ingredients. More than 1,600 recipes for popular appetizers, main courses, desserts, snack foods, and celebration dishes are provided, allowing readers to construct full menus from every country of the world.

Mesob Across America Harry Kloman,2010-10-04 How old is Ethiopian cuisine and the unique way of eating it? Ethiopians proudly say their cuisine goes back 3,000 to 5,000 years. Archaeologists and historians now believe it emerged in the first millennium A.D. in Aksum, an ancient kingdom that occupied what's now the northern region of Ethiopia and the southern region of neighboring Eritrea. But regardless of when Ethiopians began to eat spicy wots atop the spongy flatbread injera, or when they first drank the intoxicating honey wine called tej, their cuisine remains unique in the world. *Mesob Across America: Ethiopian Food in the U.S.A.* brings together what respected scholars and passionate Ethiopians know and believe about this delectable cuisine. From the ingredients of the Ethiopian kitchen the foods, the spices, and the ways of combining them to a close-up look at the cuisines history and culture, *Mesob Across America* is both comprehensive and anecdotal. Explore the history of how restaurant communities emerged in the U.S., and visit them as they exist today. Learn how to prepare a five-course Ethiopian meal, including homemade tej. And solve the mystery of when Ethiopian food made its debut in America which was not when most Ethiopians think it did.

The Raw Till 4 Diet Freelee Banana Girl, 2019-04-22 I have been writing this book my entire life. From the shameful moments I hung my head in the toilet to the times I wouldn't eat for 8 days. It became normal for me to spend evenings alone bingeing on a loaf of bread and honey or a whole BBQ chicken. You will learn about my past of eating disorders, drug taking, and depression. By following the Raw till 4 Lifestyle I've finally found peace, balance, and purpose. I've overcome Irritable bowel syndrome, acne, hypothyroidism, depression and lost over 40lbs of excessive blubber. I used to jump from diet to diet and waste thousands of dollars following the terrible advice of so-called health care professionals. I survived the starvation Bikini plans, the Paleo programme, the Keto Diet, metabolic typing, water fasting, juice feasting... you name it, I've tried it. These programmes only left me fatter and more depressed. Then I stumbled on the power of a raw food diet and fruit. Raw Till 4 combines a raw and cooked food approach to a vegan lifestyle. Over the years I woke to the realization that animals are not food and eating them is not only cruel but unnecessary and extremely unhealthy. As you will soon find out a plant-based diet is the healthiest diet for humans. This book gives you everything you need to succeed on this high carb vegan lifestyle: A 30-day meal planner, 4-week shopping list, exercise guide, over 55 color recipes, RT4 Diet Pyramid and so much more. It's time to become the healthiest, happiest, kick-ass person you know! BOOM! Time to go fruit yourself. ;-) By Freelee
