How to Think Like an Entrepreneur Philip Delves Broughton, 2016-08-09 Explore how entrepreneurial thinking can dramatically improve your work, life and relationships Having the drive, ambition and inspiration to start a new business takes a special mind-set and self-confidence--think Steve Jobs, Elon Musk, Mark Zuckerberg. It's no wonder that we regard successful entrepreneurs as modern-day magicians, transforming sometimes-radical ideas into global brands that change the way we live our lives. But what if that spirit and drive were applied to the world outside of business start-ups? An entrepreneur seeks to build something from nothing, to take an inspired idea and make it a reality. In *How to Think Like an Entrepreneur*, Philip Delves Broughton will explore what it takes to be a successful entrepreneur--the ability to disrupt the status quo and generate fresh perspectives--and ultimately lead us to the heart of great entrepreneurial thinking: an understanding of our deepest human needs. By harnessing the passion, verve and limitless imagination of an entrepreneur, this book will show you new ways to improve your business, but also your life and relationships. Self-help books for the rest of us. - The New York Times

Biohacker's Magazine Issue 19, At the end of our lives, do we not all have the will to be able to say that we fully lived our life to the extent of our abilities? In other words, deep down, I believe we all have the desire to leave this the world knowing that although we make mistakes and had some pitfalls, we did our absolute best to be the highest level of the person we were made to be. The reason we all have this desire is not a selfish one but in fact an unselfish one. This is because when we are optimizing ourselves to function at our premium versions of ourselves, we are providing a stronger, more efficient individual to the benefit of the community as a whole. Then the question arises, how do we know who we are at our maximum level, and better yet, how do we reach this utmost level of attainment and fulfillment? The answer can be summed up to one word: Wisdom. Wisdom is our best friend. It guides us and protects us. It strengthens us and nourishes us. There are many other words for this - Discipline, Knowledge, etc. - but Wisdom is perhaps the word with the most meaning. When humans make it their mission to grow towards something higher, something more transcendent than their baseline selves, they are undertaking the process of acquiring wisdom. Wisdom can be sought in many ways - books, orators, experiences. Biohacking in a most fundamental sense is for all intents and purposes an avenue to acquiring wisdom about ourselves both subjectively and objectively, and taking this knowl- edge to optimize our entire self (soul, mind, & body) for purpose of healthy growth and prosperity. In our forever increasingly busy world full of languishing and slothful distractions, we must continually fight back the urge to give more of our time to these easy, mind-numbing diversions and instead see the present and long-term benefits of allocating our time towards to pursuit of wisdom and optimization, essentially the pursuit of happiness. Prioritize your biohacks and self-growth habits in your life and continue leveling up!

Sack Your Boss Christian Rodwell, 2018-11-29

Have you reached that point in your job where you're thinking 'enough is enough'?

In this book, Christian Rodwell, the Founder of Escape The Rat Race, shows that there is a proven process anyone who is currently employed but looking to start their own business can follow: 'The choices for someone wishing to exit a corporate 9-5 job and start a new business are numerous and this can easily lead to overwhelm, confusion...and over-analysing the options for so long that you end up taking no action at all. Finding enough time to fit your new business around your full time job and family commitments will also be a challenge, which is why I've dedicated an entire chapter to show you ways to overcome this.' Not everyone who wishes to quit the rat race and start a business knows exactly what business would be best suited to them initially. This book will help you to get to know yourself better, identifying your motives for wanting to sack your boss and answering the question, 'what would I would love to do each day if money were no object?'. Christian Rodwell has been through all of these challenges himself, and has worked with over 1000 other '#escapees' who are on the same journey. Christian illustrates within this book his process for helping such individuals map out their very own '9-5 escape plan' - 'The Five Step Freedom Formula™'. 'I'll guide you through the steps you need to take before you identify what your winning strategy is for starting a business you love. At the end of this book, you'll have all of the answers ready to complete your very own 90 Day Escape Plan, a specific and personalised personal development plan which I have put together for you.' It can be downloaded for free, by visiting: www.fivestepfreedomformula.com

'If escaping the rat race is something you want to do, then take heart. This is something I have done for myself and I work with people every week who are in the process of doing the same.' Based around a proven five-step formula, the author guides readers through every step of gaining true clarity on their life goals, focusing their attention on achieving them - and making that bold transition from frustrated employee to unstoppable entrepreneur. 'They'll face everything from their deepest fears

and hesitations, to a true and frank appraisal of their finances - all intended to cut out fluff so they can crack on with productively taking action on building that business they've always dreamed of. The 90-day "escape plan" I share is unlike anything they've seen before, but I can almost guarantee it will change their life'.

Wine to Water Doc Hendley, 2012-12-31 The captivating story of an ordinary bartender turned humanitarian who's changing the world through clean water. Doc Hendley never set out to be a hero. A small-town bartender, Doc loved his Harley, music, and booze. Then he learned about the world's water crisis, and decided to help by hosting fundraisers. But he wanted to do more and soon found himself traveling to one of the world's most dangerous hot spots: Darfur, Sudan. Doc was immediately cast into a crisis zone. The Sudanese government was wiping out entire villages through horrific state-sponsored genocide—and one of the chief weapons was water. By dumping corpses in water sources and shooting up water bladders, Janjaweed terrorists doomed hundreds of thousands of citizens to dehydration, disease, and death. At just twenty-five years old, Doc was inexperienced, untrained, and in constant danger—but he stepped up to save lives. Alternatively begging international organizations for funding and dodging trigger-happy Janjaweed, Doc began drilling and repairing wells, bringing drinking water to those who desperately needed it. Wine to Water is his story about braving tribal warfare in far-flung regions of the world, and an inspirational tale of how one ordinary person can make a difference.

The truth is that building a real, profitable, sustainable business requires thousands of hours of commitment, grit, and hard work. It's no wonder why more than half of new businesses close within six years of opening, and fewer than 5 percent will ever earn more than \$1 million annually. *12 Months to \$1 Million* condenses the startup phase into one fast-paced year that has helped hundreds of new entrepreneurs hit the million-dollar level by using an exclusive and foolproof formula.

By cutting out the noise and providing a clear and proven plan, this roadmap helps even brand-new entrepreneurs make decisions quickly, get their product up for sale, and launch it to a crowd that is ready and waiting to buy. This one-year plan will guide you through the three stages to your first \$1 million: • The Grind (Months 0-4): This step-by-step plan will help you identify a winning product idea, target customers that are guaranteed to buy, secure funding, and take your first sale within your first four months. • The Growth (Months 5 - 8): Once you're in business, you will discover how to use cheap and effective advertising strategies to get your product to at least 25 sales per day, so you can prove you have a profitable business. • The Gold (Months 9-12): It's time to establish series of products available for sale, until you are averaging at least 100 sales per day, getting you closer to the million-dollar mark every single day. Through his training sessions at Capitalism.com, Ryan Daniel Moran has helped new and experienced entrepreneurs launch scalable and sustainable online businesses. He's seen more than 100 entrepreneurs cross the seven-figure barrier, many of whom go on to sell their businesses. If your goal is to be a full-time entrepreneur, get ready for one chaotic, stressful, and rewarding year. If you have the guts to complete it, you will be the proud owner of a million-dollar business and be in a position to call your own shots for life.

Have You Seen My Son Jack Olsen, *Have You Seen My Son?* is Jack Olsen's powerful novel of child-snatching and a mother's obsessed hunt for her five-year-old son - "a gripping, intensely moving novel," writes Robert Daley, author of *Prince of the City* and *Year of the Dragon*. "The ending left me with tears in my eyes. There is no love like mother love, is there?" And no greater test of it than what Lael Pritcher is about to endure. One cool April day, Mike Pritcher visits the home of his estranged wife, Lael, and takes their son, Ace, for an overnight outing. "She pushed her son's black-rimmed glasses up the slope of his thin nose. He jerked away like a puppy slipping its leash. A giggle, a crunch of gravel, a single wave of a grimy hand, and her only child was gone." Gone - child-snatched, though Lael won't realize that right away, and won't understand what it means even when the police tell her it's a "domestic matter." "You got the right to snatch him back," her lawyer explains. "That's about it." So that's what she sets out to do, in one of the most suspenseful, emotion-wrenching novels in recent years. *Have You Seen My Son?* is Lael Pritcher's story, as she searches for her son throughout the Northwest, Canada and finally Mexico; an odyssey of near-misses and sudden reversals, searing loneliness and unshakable love, as Lael reaches deep inside herself for a resourcefulness and strength she never knew existed. Combining intimate drama with powerful suspense, this is a story with which every woman - and every man - will identify.

The Runaway Heiress Meg Tilly, 2021-07-27 "You'll stay up long past your bedtime to finish this fast-paced thrill ride where a couple runs up against the dark side of human nature and an enemy who will stop at nothing to get what he wants."-#1 New York Times bestselling author Christine Feehan A brave woman on the run from her vindictive husband faces a dangerous path in the thrilling new romantic suspense novel from Oscar-nominated actress Meg Tilly. Sarah Rainsford has been on the run for more than three years. She's changed identities yet again in hopes of throwing her violent estranged husband, a police lieutenant, off her trail. Since she's still legally married to him, and he is willing to bend any laws to get his hands on her inheritance, he'll stop at nothing to locate her. With a new name and fake ID papers, she lands a job as a personal assistant to none other than Hollywood's golden boy director Mick Talford. He's a difficult client but she senses hidden depths to him. Once Mick and Sarah combine forces in a desperate attempt to keep Sarah out of harm's way, they build a strong bond . . . but with danger trailing them, is it enough to keep them both alive?

The S. H. T. F. Art of War Jeffrey Olson, 2013-03-28 It doesn't matter if it's an EMP, solar flare, earthquake,

global financial crash or pandemic that causes a societal collapse. When the grid goes down and the lights go out, many won't be prepared to defend against those who are organized and intent on doing them harm. Even with advanced warning of an impending winter storm or hurricane, the News routinely shows people running, last minute to the store for basic supplies. Humans for the most part, are unprepared, reactionary creatures and store shelves don't hold enough supplies for everyone. When people suddenly need life saving knowledge on survival, and warfare, they're going to be desperately scrambling for that information. They aren't going to have the time to sit down and read another novel about an apocalyptic survivor trying to make his way home after (insert trendy S.H.T.F. event here). This book covers those controversial, real world subjects you never think about unless you live in a war zone or an underdeveloped country. It pushes your mind into an uncomfortable way of thinking. As the saying goes; No Pain, No Gain. It's stripped down to quickly deliver the reader information on topics such as how the criminal element will conduct their reign of terror. It covers how to pick a winning survival team, how to prepare for a stay at a FEMA camp, what to expect in a 100 mile traffic jam and what it takes to be a post apocalyptic scavenger. It also provides a list of post collapse professions that ensure you're essential to a grid down community. Plus a whole lot more.
