Galets peints Sabine Schaefer,2017-09-08T00:00:00+02:00 La peinture sur galets est une activité à la fois simple, créative et amusante que ce livre te propose de découvrir. Tu y trouveras tout d'abord des explications techniques pour apprendre comment dessiner et peindre sur les galets, mais aussi des idées créatives de motifs variés. Enfin, un cahier de dessin te permettra de t'entraîner à recopier les modèles proposés ou de créer tes propres croquis. Il ne reste plus qu'à te lancer !

Pure and Programme Music in the Romanticism Magda Polo Pujadas,2019-10-04 One of the most difficult challenges a music theoretician faces, be it historically, philosophically or in other aspects, is that of correctly and precisely framing the meaning that music has in a specific moment: deducing the “why” and revealing the secret hidden within. The book *Pure and Programme Music in the Romanticism*, a rigorous and indispensable study to understand music in the period in which music as an expression of feelings, begins to reach the threshold of the sublime —primarily focusing attention on what pure and programme music represent. Both types of music are instrumental, but the difference between them is that the first one, pure music, exists on its own, and for its own sake, establishing an iron-clad alliance with the form. Programme music is inspired by other forms of artistic expression, especially literature, and is indelibly linked with the content. However, halfway between these two types of music, a new one is born: absolute music. This music is the result from the dialectic established between the pure and programme, exactly in the middle of two opposing philosophies, that of Idealism and that of Materialism. All of this context described in this book is what defines the essence of Romantic music but also what allows us to understand the music of the twentieth century and that of today, because the controversy between pure music and programme music has represented, in the history of western musical thought, the turning point that led to the creation of the Gesamtkunstwerk (Total Work of Art) and the relationship between music and film, for example, as well as other artistic expressions.

Archaeology Hotspot France Georgina Muskett,2018-04-27 The *Archaeology Hotspots* series offers reader-friendly and engaging narratives of the archaeology in particular countries. Written by archaeological experts with a general reader in mind, each book in the series focuses on what has been found and by whom, what the controversies and scandals have been, ongoing projects, and how it all fits into a broader view of the history of the country. In *Archaeology Hotspot France*, Georgina Muskett provides insight into the vibrant and varied collection of archaeological sites and monuments in France. From the presence of the first humans to the royal dynasty of the Merovingians, this book takes readers into the histories, mysteries, and scandals of these illustrious sites, as well as covering the latest discoveries, early pioneers, and the innovations for which French archaeology is famous. The stunning cave art of Lascaux, the engineering excellence of the Pont-du-Gard and the amphora-laden shipwreck at Madrague de Giens are among the wealth of archaeological sites to be discovered.
