Help Me! Marianne Power,2019-01-15 “Consistently entertaining . . . she writes with unflinching honesty . . . Bridget Jones meets Buddha in this plucky, heartwarming, comical debut memoir.” —Kirkus Reviews (starred review) For years journalist Marianne Power lined her bookshelves with dog-eared copies of definitive guides on how to live your best life, dipping in and out of self-help books when she needed them most. Then, one day, she woke up to find that the life she hoped for and the life she was living were worlds apart—and she set out to make some big changes. Marianne decided to finally find out if her elusive “perfect existence” —the one without debt, anxiety, or hangover Netflix marathons, the one where she healthily bounced around town and met the cashmere-sweater-wearing man of her dreams—really did lie in the pages of our best known and acclaimed self-help books. She vowed to test a book a month for one year, following its advice to the letter, taking what she hoped would be the surest path to a flawless new her. But as the months passed and Marianne’s reality was turned upside down, she found herself confronted with a different question: Self-help can change your life, but is it for the better? With humor, audacity, disarming candor and unassuming wisdom, in *Help Me* Marianne Power plumbs the trials and tests of being a modern woman in a “have it all” culture, and what it really means to be our very best selves. “Equal parts touching and hilarious, Power’s account of the year she spent following the tenets of self-help books will make you feel better about your own flawed life.” —People

Help Me to Find My People Heather Andrea Williams,2012-06-01 After the Civil War, African Americans placed poignant information wanted advertisements in newspapers, searching for missing family members. Inspired by the power of these ads, Heather Andrea Williams uses slave narratives, letters, interviews, public records, and diaries to guide readers back to devastating moments of family separation during slavery when people were sold away from parents, siblings, spouses, and children. Williams explores the heartbreaking stories of separation and the long, usually unsuccessful journeys toward reunification. Examining the interior lives of the enslaved and freedpeople as they tried to come to terms with great loss, Williams grounds their grief, fear, anger, longing, frustration, and hope in the history of American slavery and the domestic slave trade. Williams follows those who were separated, chronicles their searches, and documents the rare experience of reunion. She also explores the sympathy, indifference, hostility, or empathy expressed by whites about sundered black families. Williams shows how searches for family members in the post-Civil War era continue to reverberate in African American culture in the ongoing search for family history and connection across generations.

Can You Help Me? Thomas D. Bird,2019 *Can You Help Me?: Living in the Turbulent World of Huntington Disease* shares the surprising, insightful, challenging, and even encouraging stories of patients and their families who live with Huntington Disease. Having seen patients for more than 40 years, Dr Thomas Bird, a pioneer neurogeneticist, adds a human touch to this genetic brain disease that devastates persons during mid-life when they can least afford it. With a brief history of Huntington Disease and the occasional scientific detail, the true heart of the book is the human experience of the disorder: ♦ The man who cannot stay out of prison because he is addicted to being a burglar. ♦ Another man shoots and kills his roommate while watching television and cannot explain why he did it. ♦ The woman with Huntington Disease copes with her depression by using Texas line dancing. ♦ A twelve year old girl with juvenile Huntington Disease who can barely walk and talk, but her classmates rally around with touching and heartfelt support. ♦ And the 72 year old man with late onset Huntington Disease and severe depression is made worse by ECT, but improved (for a while) with Transcranial Magnetic Stimulation. These are just some of the compelling stories of people of all ages and in all walks of life who feel trapped by a progressive degenerative brain disease from which there is no escape.

Helping People Win at Work Garry Ridge,Ken Blanchard,2009-04-21 Ken Blanchard's *Leading at a Higher Level* techniques are inspiring thousands of leaders to build high-performing organizations that make life better for everyone. Now, in *Helping People Win at Work*, Blanchard and WD-40 Company leader Garry Ridge reveal how WD-40 has used Blanchard's techniques of Partnering for Performance with every employee--achieving levels of engagement and commitment that have fortified the bottom line. Ridge introduces WD-40 Company's year-round performance review system, explaining its goals, features, and the cultural changes it requires. Next, he shares his leadership point of view: what he expects of people, what they can expect of him, and where his beliefs about leadership and motivation come from. Finally, Blanchard explains why WD-40 Company's Partnering for Performance system works so well--and how to leverage its high-value techniques in your organization. In this book, you'll learn how to: · Stop building failure into your mentoring of employees · Set goals using the SMART approach: specific, motivational, attainable, relevant and trackable · Help people move through all four stages of mastery · Create a culture that shares knowledge and encourages nonstop learning "I'm thrilled that the first book in our *Leading at a Higher Level* series is with Garry Ridge, president of WD-40 Company. For years I've been concerned about how people's performance is evaluated. People are often forced into a normal distribution curve, or even worse, rank ordered. Not only does this not build trust, it also does not hold managers responsible for coaching people and helping them win. The manager's responsibility is focused on sorting people out. When I was a college professor, I always gave my students the final exam at the beginning of the course and spent the rest of the semester helping them answer the questions so that they could get an A. Life is all about getting As, not some stupid normal distribution curve. Garry Ridge got this, and wow! What a difference it has made in WD-40 Company's performance." --Ken Blanchard "When I first heard Ken talk about giving his final exam at the beginning of the course and then teaching students the answers so they could get an A, it blew me away. Why don't we do that in business? So that's exactly what I did at WD-40 Company when we set up our 'Don't Mark My Paper, Help Me Get an A' performance management system. Has it made a difference? You'd better believe it. Ever since we began the system, our company's annual sales have more than tripled, from \$100 million to more than \$339 million. And we've accomplished this feat while making the company a great place to work." --Garry Ridge

So Help Me Golf Rick Reilly,2022-05-10 A beloved New York Times bestselling author and golf aficionado shares his insatiable curiosity, trademark sense of humor, and vast knowledge of the game in this cavalcade of original pieces about why we love the sport, now featuring three additional new pieces. This is the book Rick Reilly has been writing in the back of his head since he fell in love with the game of golf at eleven years old. He unpacks and explores all of the wonderful, maddening, heart-melting, heart-breaking, cool, and captivating things about golf that make the game so utterly addictive. We meet the PGA Tour player who robbed banks by night to pay his motel bills, the golf club maker who takes weekly psychedelic trips, and the caddy who kept his loop even after an 11-year prison stint. We learn how a man on his third heart nearly won the U.S. Open, how a Vietnam POW saved his life playing 18 holes a day in his tiny cell, and about the course that's absolutely free. Reilly mines all of the game's quirky traditions—from the shot of bourbon you take before you tee off at Peyton Manning's course, to the way the starter at St. Andrews announces to your group (and the hundreds of tourists watching), "You're on the first tee, gentlemen." He means that quite literally: St. Andrews has the first tee ever invented. We'll visit the eighteen most unforgettable holes around the world (Reilly has played them all), including the hole in Indonesia where the biggest hazard is monkeys, the one in the Caribbean that's underwater, and the one in South Africa that requires a shot over a pit of alligators; not to mention Reilly's attempt to play the most mini-golf holes in one day. Reilly expounds on all the great figures in the game, from Phil Mickelson to Bobby Jones to the simple reason Jack Nicklaus is better than Tiger Woods. He explains why we should stop hating Bryson DeChambeau unless we hate genius, the greatest upset in women's golf history, and why Ernie Els throws away every ball that makes a birdie. Plus all the Greg Norman stories Reilly has never been able to tell before, and the great fun of being Jim Nantz. Connecting it all will be the story of Reilly's own personal journey through the game, especially as it connects to his tumultuous relationship with his father, and how the two eventually reconciled through golf. This is Reilly's valentine to golf, a cornucopia of stories that no golfer will want to be without. **The Sports Librarian's Best of 2022 - Sports Books**

It details the journey she and her parents endured as they discovered the person he had become and uncovered his years of self-destructive, addictive behavior and the resulting tragic accidents. Her fun loving, intelligent brother was lost to the world of drug addiction. Maria has worked for the past 40 years to help Angelo; trying to steer him toward a life with a brighter future.
