*Shakespeare and the Just War Tradition* Paola Pugliatti, 2016-04-01 Brought to light in this study is a connection between the treatment of war in Shakespeare's plays and the issue of the 'just war', which loomed large both in religious and in lay treatises of Shakespeare's time. The book re-reads Shakespeare's representations of war in light of both the changing historical and political contexts in which they were produced and of Shakespeare's possible connection with the culture and ideology of the European just war tradition. But to discuss Shakespeare's representations of war means, for Pugliatti, not simply to examine his work from a literary point of view or to historicize those representations in connection with the discourses (and the practice) of war which were produced in his time; it also means to consider or re-consider present-day debates for or against war and the kind of war ideology which is trying to assert itself in our time in light of the tradition which shaped those discourses and representations and which still substantiates our 'moral' view of war.

**Adolescent Nutrition** Yolanda N. Evans, Alicia Dixon Docter, 2020-09-21 Adolescents have unique nutritional needs when compared to young children and adults. As youth go through physical, cognitive, and behavioral development, nutrition needs are dynamic and changing. If these needs go undetected and remain unaddressed, the results can derail physical and social maturation and include life-long effects on health. This comprehensive text offers a multidisciplinary perspective on aspects of adolescent nutrition. Using clinical cases, it covers relevant topics related to adolescent health including normal development, chronic health conditions, and complex biopsychosocial dynamics, among others. The first section of the text contains an overview of adolescent nutrition that is further broken down into more specific topics such as developmental nutrition needs, needs of active youth and athletes and media influences on body image. The next section focuses on health disparities such as culturally appropriate care, health equity, international considerations and food insecurity. The following section specifically addresses eating disorders ranging from anorexia and bulimia to binge eating. Finally, the last section covers additional health considerations such as polycystic ovarian syndrome, teen pregnancy, substance use and gender non-conforming youth. Written by experts in the field, this book is a helpful resource for primary care medical providers, registered dietitians/nutritionists (RDN), adolescent medicine specialists, as well as advanced practice nurses, physician assistants, psychologists, licensed social workers, and certified athletic trainers. /div

*Health, Medicine and Empire* Biswamoy Pati, Mark Harrison, 2006 This collection of essays weaves together several themes related to the social history of health and medicine in colonial India. Its focus ranges from analysing Europe's relationship with India's indigenous medical systems, to case studies of two mental asylums (in Madras and Lucknow), the location of the leprosy asylum, the technological aspects and social implications of the colonial vaccination policy, and to colonial interventions related specifically to cholera and plague in the pilgrimage centres of Puri and Panchajanya. It also examines indigenous initiatives associated with the Indian drug industry and the Unani medical system and their interactions with the colonial health establishment and modern medicine. Besides charting out hitherto unexplored areas in the history and historiography of colonial medicine and its articulation with indigenous systems, this book demonstrates the rich possibilities of inter-disciplinary research. Of particular interest to the specialist reader, it is also useful to those working on modern India history, cultural studies and sociology.

**Postal Services Bill** Great Britain. Parliament. House of Commons, Great Britain. Parliament. House of Lords, 2000 The Bill provides for the Post Office to be converted from a statutory corporation to a public limited company, with ownership remaining with the Crown. It introduces a new system of licensing and regulation for postal services operators and providers, and gives the independent regulator, the new Postal Services Commission, new powers and duties to protect and promote the interests of users. The Post Office Users' National Council is replaced by the Consumer Council for Postal Services, to bring postal services into line with consumer representation in the other utilities.

**Jonesy #1** Sam Humphries, 2016-02-10 Jonesy is a self-described cool dork who spends her time making zines nobody reads, watching anime, and listening to riot grrrl bands and 1D simultaneously. But she has a secret nobody knows. She has the power to make people fall in love! Anyone. With anything. She's a cupid in plaid. With a Tumblr. There's only one catch - it doesn't work on herself. She's gonna have to find love the old-fashioned way, and in the meantime, figure out how to distract herself from the real emotions she inevitably has to face when her powers go wrong...
